Our future financial performance is subject to risks and uncertainties as described in our United States Securities and Exchange Commission ("SEC") filings.

#### Additional Information About the PNC/Sterling Financial Corporation Transaction

The PNC Financial Services Group, Inc. ("PNC") and Sterling Financial Corporation ("Sterling Financial") will be filing a proxy statement/prospectus and other relevant documents concerning the merger with the SEC. WE URGE INVESTORS TO READ THE PROXY STATEMENT/PROSPECTUS AND ANY OTHER DOCUMENTS TO BE FILED WITH THE SEC IN CONNECTION WITH THE MERGER OR INCORPORATED BY REFERENCE IN THE PROXY STATEMENT/PROSPECTUS BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION.

Investors will be able to obtain these documents free of charge at the SEC's web site (www.sec.gov). In addition, documents filed with the SEC by PNC will be available free of charge from Shareholder Relations at (800) 843-2206. Documents filed with the SEC by Sterling Financial will be available free of charge from Sterling Financial by contacting Shareholder Relations at (877) 248-6420.

The directors, executive officers, and certain other members of management and employees of Sterling Financial are participants in the solicitation of proxies in favor of the merger from the shareholders of Sterling Financial. Information about the directors and executive officers of Sterling Financial is included in the proxy statement for its May 8, 2007 annual meeting of shareholders, which was filed with the SEC on April 2, 2007. Additional information regarding the interests of such participants will be included in the proxy statement/prospectus and the other relevant documents filed with the SEC when they become available.

#### Additional Information About the PNC/Yardville National Bancorp Transaction

PNC and Yardville National Bancorp ("Yardville") have filed with the SEC a Registration Statement on Form S-4 that includes a preliminary version of a proxy statement of Yardville that also constitutes a preliminary prospectus of PNC. The S-4 has not yet become effective. The parties will file other relevant documents concerning the proposed transaction with the SEC. Following the S-4 being declared effective by the SEC, Yardville intends to mail the final proxy statement to its shareholders. Such final documents, however, are not currently available. WE URGE INVESTORS TO READ THE FINAL PROXY STATEMENT/PROSPECTUS AND ANY OTHER DOCUMENTS TO BE FILED WITH THE SEC IN CONNECTION WITH THE MERGER OR INCORPORATED BY REFERENCE IN THE PROXY STATEMENT/PROSPECTUS, IF AND WHEN THEY BECOME AVAILABLE, BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION.

Investors may obtain these documents, if and when they become available, free of charge at the SEC's web site (www.sec.gov). In addition, documents filed with the SEC by PNC will be available free of charge from Shareholder Relations at (800) 843-2206. Documents filed with the SEC by Yardville will be available free of charge from Yardville by contacting Howard N. Hall, Assistant Treasurer's Office, 2465 Kuser Road, Hamilton, NJ 08690 or by calling (609) 631-6223.

The directors, executive officers, and certain other members of management and employees of Yardville are participants in the solicitation of proxies in favor of the merger from the shareholders of Yardville. Information about the directors and executive officers of Yardville is set forth in its Annual Report on Form 10-K filed on March 30, 2007 for the year ended December 31, 2006, as amended by the Form 10-K/A filed on May 10, 2007. Additional information regarding the interests of such participants will be included in the proxy statement/prospectus and the other relevant documents filed with the SEC if and when they become available.

#### Mercantile Acquisition

We completed our acquisition of Mercantile Bankshares Corporation ("Mercantile") on March 2, 2007 and our financial results include Mercantile from that date. PNC issued approximately 53 million shares of common stock and paid approximately \$2.1 billion in cash as consideration for the acquisition, and accounted for the transaction under the purchase method

#### BlackRock/MLIM Transaction

As further described in our Annual Report on Form 10-K for the year ended December 31, 2006, on September 29, 2006, Merrill Lynch contributed its investment management business ("MLIM") to BlackRock, Inc. ("BlackRock"), formerly a majority-owned subsidiary of PNC, in exchange for 65 million shares of newly issued BlackRock common and preferred stock.

For the quarters ended September 30, 2006 and June 30, 2006 and the six months ended June 30, 2006 presented in this Financial Supplement, our Consolidated Income Statement reflects our former majority ownership interest in BlackRock. However, our Consolidated Income Statement for the quarters ended June 30, 2007, March 31, 2007, and December 31, 2006 and the six months ended June 30, 2007 and our Consolidated Balance Sheet as of June 30, 2007, March 31, 2007, December 31, 2006 and September 30, 2006 reflect the September 29, 2006 deconsolidation of BlackRock's balance sheet amounts and recognize our approximate 34% ownership interest in BlackRock as of those dates as an investment accounted for under the equity method.

We have also provided, for information purposes only, adjusted results in this document to reflect BlackRock as if it had been accounted for under the equity method for all periods presented.

<sup>(</sup>a) The effective tax rates presented are on a GAAP basis. The lower effective tax rate for the first six months of 2007 compared with the first six months of 2006 was primarily due to the deconsolidation of BlackRock effective September 29, 2006. The effective tax rate increased for the second quarter of 2007 primarily as a result of a full-quarter impact of Mercantile. The lower rates for the first quarter of 2007 and the fourth quarter of 2006 reflect the impact of the deconsolidation of BlackRock and certain tax adjustments in both periods. The higher effective rate for the third quarter of 2006 was primarily due to the impact of the gain on the BlackRock/MLIM transaction and a \$57 million cumulative adjustment to deferred taxes made in the same quarter in connection with that transaction.

<sup>(</sup>a) This schedule is provided for informational purposes only and reflects historical consolidated financial information of PNC (1) with amounts adjusted for the impact of certain specified items and (2) as if we had recorded our investment in BlackRock on the equity method for all periods presented. See Appendix to Financial Supplement for reconciliations of these amounts to the corresponding GAAP amounts for each of the periods presented. We have provided these adjusted amounts and reconciliations so that investors, analysts, regulators and others will be better able to evaluate the impact of these items on our results for these periods, in addition to providing a basis of comparability for the impact of the BlackRock deconsolidation given the magnitude of the impact of deconsolidation on various components of our income statement. Adjusted information supplements our results as reported in accordance with GAAP and should not be viewed in isolation from, or as a substitute for, our GAAP results.

- (a) This summary also serves as a reconciliation of total earnings and revenue for all businesses to total consolidated net income and revenue. Our business information is presented based on our management accounting practices and our management structure. We refine our methodologies from time to time as our management accounting practices are enhanced and our businesses and management structure change.
- (b) Amounts for the second quarter of 2007 and the first quarter of 2007 subsequent to March 2, 2007 include the impact of Mercantile.
- (c) We consider BlackRock to be a separate reportable business segment but have combined its results with Other for this presentation. Our Quarterly Report on Form 10-Q for the second quarter of 2007 will provide additional business segment disclosures for BlackRock.
- (d) Business revenue is presented on a taxable-equivalent basis. The interest income earned on certain earning assets is completely or partially exempt from federal income tax. As such, these tax-exempt instruments typically yield lower returns than a taxable investment. To provide more meaningful comparisons of yields and margins for all earning assets, we also provide revenue on a taxable-equivalent basis by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income earned on other taxable investments. This adjustment is not permitted under GAAP on the Consolidated Income Statement. The following is a reconciliation of total consolidated revenue on a book (GAAP) basis to total consolidated revenue on a taxable-equivalent basis (in millions):

	June 30 2007	March 31 2007	ember 31 2006	Sep	tember 30 2006	June 30 2006

Total consolidated revenue, taxable-equivalent basis	\$1,721	\$ 1,620	\$ 1,540	\$	3,517	\$1,792

(e) PFPC revenue represents the sum of servicing revenue and nonoperating income (expense) less debt financing costs. Prior period servicing revenue amounts have been reclassified to conform with the current period presentation.

Certain out-of-pocket expense items which are then client billable are included in both servicing revenue and operating expense above, but offset each other entirely and therefore have no net effect on operating income. Distribution revenue and expenses which relate to 12b-1 fees that PFPC receives from certain fund clients for the payment of marketing, sales and service expenses also entirely offset each other, but are netted for presentation purposes above. Prior period amounts have been reclassified to conform with the current period presentation.

(a) Calculated as noninterest expense divided by the sum of net interest income and noninterest income on the Consolidated Income Statement.

<sup>(</sup>b) Calculated as PNC's efficiency ratio adjusted (1) for the impact of certain specified items, and (2) as if we had recorded our investment in BlackRock on the equity method for all periods presented. We have provided these adjusted amounts and reconciliations so that shareholders, investor analysts, regulators and others will be better able to evaluate the impact of these items on our "as reported" efficiency ratio for these periods, in addition to providing a basis of comparability for the impact of the BlackRock deconsolidation.

Amounts used for these adjusted ratios are reconciled to amounts used in the PNC efficiency ratio as reported (GAAP basis).

#### Glossary of Terms

Accounting/administration net fund assets—Net domestic and foreign fund investment assets for which we provide accounting and administration services. We do not include these assets on our Consolidated Balance Sheet.

Adjusted average total assets—Primarily comprised of total average quarterly (or annual) assets plus (less) unrealized losses (gains) on available-for-sale debt securities, less goodwill and certain other intangible assets (net of eligible deferred taxes).

Annualized—Adjusted to reflect a full year of activity.

Assets under management—Assets over which we have sole or shared investment authority for our customers/clients. We do not include these assets on our Consolidated Balance Sheet.

Basis point—One hundredth of a percentage point.

<u>Charge-off</u>—Process of removing a loan or portion of a loan from our balance sheet because it is considered uncollectible. We also record a charge-off when a loan is transferred to held for sale by reducing the carrying amount by the allowance for loan losses associated with such loan or if the market value is less than its carrying amount.

Common shareholders' equity to total assets—Common shareholders' equity divided by total assets. Common shareholders' equity equals total shareholders' equity less the liquidation value of preferred stock.

<u>Credit spread</u>—The difference in yield between debt issues of similar maturity. The excess of yield attributable to credit spread is often used as a measure of relative creditworthiness, with a reduction in the credit spread reflecting an improvement in the borrower's perceived creditworthiness.

<u>Custody assets</u>—Investment assets held on behalf of clients under safekeeping arrangements. We do not include these assets on our Consolidated Balance Sheet. Investment assets held in custody at other institutions on our behalf are included in the appropriate asset categories on the Consolidated Balance Sheet as if physically held by us.

<u>Derivatives</u>—Financial contracts whose value is derived from publicly traded securities, interest rates, currency exchange rates or market indices. Derivatives cover a wide assortment of financial contracts, including forward contracts, futures, options and swaps.

<u>Duration of equity</u>—An estimate of the rate sensitivity of our economic value of equity. A negative duration of equity is associated with asset sensitivity (*e.e.*, positioned for rising interest rates), while a positive value implies liability sensitivity (*i.e.*, positioned for declining interest rates). For example, if the duration of equity is +1.5 years, the economic value of equity declines by 1.5% for a 100 basis point increase in interest rates.

Earning assets—Assets that generate income, which include: federal funds sold; resale agreements; other short-term investments, including trading securities; loans held for sale; loans, net of unearned income; securities; and certain other assets.

Economic capital—Represents the amount of resources that a business segment should hold to guard against potentially large losses that could cause insolvency. It is based on a measurement of economic risk, as opposed to risk as defined by regulatory bodies. The economic capital measurement process involves converting a risk distribution to the capital that is required to support the risk, consistent with our target credit rating. As such, economic risk serves as a "common currency" of risk that allows us to compare different risks on a similar basis.

Economic value of equity ("EVE")—The present value of the expected cash flows of our existing assets less the present value of the expected cash flows of our existing liabilities, plus the present value of the net cash flows of our existing off-balance sheet positions.

Effective duration—A measurement, expressed in years, that, when multiplied by a change in interest rates, would approximate the percentage change in value of on- and off- balance sheet positions.

Efficiency—Noninterest expense divided by the sum of net interest income (GAAP basis) and noninterest income.

<u>Funds transfer pricing</u>—A management accounting methodology designed to recognize the net interest income effects of sources and uses of funds provided by the assets and liabilities of a business segment. We assign these balances LIBOR-based funding rates at origination that represent the interest cost for us to raise/invest funds with similar maturity and repricing structures.

<u>Futures and forward contracts</u>—Contracts in which the buyer agrees to purchase and the seller agrees to deliver a specific financial instrument at a predetermined price or yield. May be settled either in cash or by delivery of the underlying financial instrument.

GAAP—Accounting principles generally accepted in the United States of America.

Leverage ratio—Tier 1 risk-based capital divided by adjusted average total assets.

Net interest margin—Annualized taxable-equivalent net interest income divided by average earning assets.

Nondiscretionary assets under administration—Assets we hold for our customers/clients in a non-discretionary, custodial capacity. We do not include these assets on our Consolidated Balance Sheet.

Noninterest income to total revenue—Noninterest income divided by the sum of net interest income (GAAP basis) and noninterest income.

Nonperforming assets—Nonperforming assets include nonaccrual loans, troubled debt restructured loans, foreclosed assets and other assets. We do not accrue interest income on assets classified as nonperforming.

Nonperforming loans—Nonperforming loans include loans to commercial, commercial real estate, equipment lease financing, consumer, and residential mortgage customers as well as troubled debt restructured loans. Nonperforming loans do not include nonperforming loans held for sale or foreclosed and other assets. We do not accrue interest income on loans classified as nonperforming.

Notional amount— A number of currency units, shares, or other units specified in a derivatives contract.

Operating leverage—The period to period percentage change in total revenue (GAAP basis) less the percentage change in noninterest expense. A positive percentage indicates that revenue growth exceeded expense growth (*i.e.*, positive operating leverage) while a negative percentage implies expense growth exceeded revenue growth (*i.e.*, negative operating leverage).

Recovery—Cash proceeds received on a loan that we had previously charged off. We credit the amount received to the allowance for loan and lease losses.

Return on average capital—Annualized net income divided by average capital.

Return on average assets—Annualized net income divided by average assets.

Return on average common equity—Annualized net income divided by average common shareholders' equity.

<u>Risk-weighted assets</u>—Primarily computed by the assignment of specific risk-weights (as defined by The Board of Governors of the Federal Reserve System) to assets and off-balance sheet instruments.

<u>Securitization</u>—The process of legally transforming financial assets into securities.

<u>Tangible common equity ratio</u>—Period-end common shareholders' equity less goodwill and other intangible assets (net of eligible deferred taxes), and excluding mortgage servicing rights, divided by period-end assets less goodwill and other intangible assets (net of eligible deferred taxes), and excluding mortgage servicing rights.

<u>Taxable-equivalent interest</u>—The interest income earned on certain assets is completely or partially exempt from federal income tax. As such, these tax-exempt instruments typically yield lower returns than taxable investments. To provide more meaningful comparisons of yields and margins for all interest-earning assets, we also provide revenue on a taxable-equivalent basis by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income on taxable investments. This adjustment is not permitted under GAAP on the Consolidated Income Statement.

<u>Tier 1 risk-based capital</u>—Tier 1 risk-based capital equals: total shareholders' equity, plus trust preferred capital securities, plus certain minority interests that are held by others; less goodwill and certain other intangible assets (net of eligible deferred taxes), less equity investments in nonfinancial companies and less net unrealized holding losses on available-forsale equity securities. Net unrealized holding gains on available-for-sale equity securities, net unrealized holding gains (losses) on available-for-sale debt securities and net unrealized holding gains (losses) on cash flow hedge derivatives are excluded from total shareholders' equity for tier 1 risk-based capital purposes.

<u>Tier 1 risk-based capital ratio</u>—Tier 1 risk-based capital divided by period-end risk-weighted assets.

Total fund assets serviced—Total domestic and offshore fund investment assets for which we provide related processing services. We do not include these assets on our Consolidated Balance Sheet.

Total return swap—A non-traditional swap where one party agrees to pay the other the "total return" of a defined underlying asset (e.g., a loan), usually in return for receiving a stream of LIBOR-based cash flows. The total returns of the asset, including interest and any default shortfall, are passed through to the counterparty. The counterparty is therefore assuming the credit and economic risk of the underlying asset.

<u>Total risk-based capital</u>—Tier 1 risk-based capital plus qualifying subordinated debt and trust preferred securities, other minority interest not qualified as tier 1, and the allowance for loan and lease losses, subject to certain limitations.

Total risk-based capital ratio—Total risk-based capital divided by period-end risk-weighted assets.

Transaction deposits.—The sum of money market and interest-bearing demand deposits and demand and other noninterest-bearing deposits.

<u>Yield curve</u>—A graph showing the relationship between the yields on financial instruments or market indices of the same credit quality with different maturities. For example, a "normal" or "positive" yield curve exists when long-term bonds have higher yields than short-term bonds. A "flat" yield curve exists when yields are the same for short-term and long-term bonds. A "steep" yield curve exists when yields on long-term bonds are significantly higher than on short-term bonds. An "inverted" or "negative" yield curve exists when short-term bonds have higher yields than long-term bonds.

<sup>(</sup>a) This adjusted condensed consolidated income statement reconciliation is provided for informational purposes only and reflects historical consolidated financial information of PNC (1) with amounts adjusted for the impact of certain specified items and (2) as if we had recorded our investment in BlackRock on the equity method for all periods presented. This reconciliation is from the reported GAAP amounts shown on page 2 of the Financial Supplement to the corresponding adjusted amounts shown on page 3 of the Financial Supplement. We have provided these adjusted amounts and reconciliations so that investors, analysts, regulators and others will be better able to evaluate the impact of these items on our results for these periods, in addition to providing a basis of comparability for the impact of the BlackRock deconsolidation given the magnitude of the impact of the deconsolidation on various components of our income statement. We believe that information as adjusted for the impact of the specified items may be useful due to the extent to which these items are not indicative of our ongoing operations as the result of our management activities on those operations, as a result of the following attributes. Acquisition integration costs can vary significantly from period to period depending on whether or not we have any such transaction pending or in process and depending on the nature of the transaction. Our BlackRock LTIP shares obligation results from an agreement entered into in 2002 and predominantly reflects the market price of BlackRock stock at specified times. We have provided information adjusted for the impact of the third quarter 2006 gain on the BlackRock/MLIM transaction due to the magnitude of that transaction, and have provided information adjusted for the impact of the third quarter 2006 securities portfolio rebalancing and mortgage loan portfolio repositioning losses due to the nature of those transactions. Adjusted information supplements our results as reported in accordance with GAAP and shoul

<sup>(</sup>b) Includes the impact of the following items on a pretax basis: \$51 million net gain related to BlackRock LTIP and \$29 million of Mercantile acquisition and BlackRock/MLIM transaction integration costs.

<sup>(</sup>c) BlackRock investment revenue represents PNC's approximately 69% ownership interest in earnings of BlackRock for the six months ended June 30, 2006, excluding pretax BlackRock/MLIM transaction integration costs totaling \$19 million. The income taxes amount represents additional income taxes recorded by PNC related to BlackRock earnings.

# Cautionary Statement Regarding Forward-Looking Information and Adjusted Information

This presentation contains forward-looking statements regarding our outlook or expectations relating to PNC's future business, operations, financial condition, financial performance and asset quality. Forward-looking statements are necessarily subject to numerous assumptions, risks and uncertainties, which change over time.

The forward-looking statements in this presentation are qualified by the factors affecting forward-looking statements identified in the more detailed Cautionary Statement included in the Appendix, which is included in the version of the presentation materials posted on our corporate website at www.pnc.com/investorevents. We provide greater detail regarding these factors in our 2006 Form 10-K, including in the Risk Factors and Risk Management sections, and in our first quarter 2007 Form 10-Q and other SEC reports (accessible on the SEC's website at www.sec.gov and on or through our corporate website).

Future events or circumstances may change our outlook or expectations and may also affect the nature of the assumptions, risks and uncertainties to which our forward-looking statements are subject. The forward-looking statements in this presentation speak only as of the date of this presentation. We do not assume any duty and do not undertake to update those statements.

In this presentation, we will sometimes refer to adjusted results to help illustrate (1) the impact of BlackRock deconsolidation near the end of third quarter 2006 and the application of the equity method of accounting for our equity investment in BlackRock and (2) the impact of certain specified items, including 2006 BlackRock/MLIM transaction gain, 2006 cost of securities and mortgage portfolio repositionings, 2006 and 2007 BlackRock/MLIM transaction and Mercantile Bankshares acquisition integration costs, and 2006 and 2007 gains/losses related to our BlackRock LTIP shares obligation. We have provided these adjusted amounts and reconciliations so that investors, analysts, regulators and others will be better able to evaluate the impact of these items on our results for the periods presented, in addition to providing a basis of comparability for the impact of the BlackRock deconsolidation given the magnitude of the impact of deconsolidation on various components of our income statement. We believe that information as adjusted for the impact of the specified items may be useful due to the extent to which these items are not indicative of our ongoing operations as the result of our management activities on those operations. While we have not provided other adjustments for the periods discussed, this is not intended to imply that there could not have been other similar types of adjustments, but any such adjustments would not have been similar in magnitude to those shown. In certain discussions, we also provide revenue information on a taxable-equivalent basis by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income earned on taxable investments. We believe this adjustment may be useful when comparing yields and margins for all earning assets.

This presentation may also include a discussion of other non-GAAP financial measures, which, to the extent not so qualified therein or in the Appendix, is qualified by GAAP reconciliation information available on our corporate website at www.pnc.com under "About PNC – Investor Relations."

## 2007 Second Quarter Highlights

### ▶ Interest Rate Risk

- Total return philosophy
- Sophisticated risk management skills
- Well-positioned balance sheet

# Cautionary Statement Regarding Forward-Looking Information

We make statements in this presentation, and we may from time to time make other statements, regarding our outlook or expectations for earnings, revenues, expenses and/or other matters regarding or affecting PNC that are forward-looking statements within the meaning of the Private Securities Litigation Reform Act. Forward-looking statements are typically identified by words such as "believe," "expect," "anticipate," "intend," "outlook," "estimate," "forecast," "project" and other similarwords and expressions.

Forward-looking statements are subject to numerous assumptions, risks and uncertainties, which change over time. Forward-looking statements speak only as of the date they are made. We do not assume any duty and do not undertake to update our forward-looking statements. Because forward-looking statements are subject to assumptions and uncertainties, actual results or future events could differ, possibly materially, from those that we anticipated in our forward-looking statements, and future results could differ materially from our historical performance.

Our forward-looking statements are subject to the following principal risks and uncertainties. We provide greater detail regarding some of these factors in our Form 10-K for the year ended December 31, 2006, including in the Risk Factors and Risk Management sections of that report, and in our first quarter 2007 Form 10-Q and other SEC reports. Our forward-looking statements may also be subject to other risks and uncertainties, including those that we may discuss elsewhere in this presentation or in our filings with the SEC, accessible on the SEC'swebsite at www.sec.gov and on or through our corporatewebsite at www.pnc.com under "About PNC- Investor Relations - Financial Information."

- Our business and operating results are affected by business and economic conditions generally or specifically in the principal markets in which we do business. We are affected by changes in our customers' and counterparties' financial performance, as well as changes in customer preferences and behavior, including as a result of changing business and economic conditions.
- The value of our assets and liabilities, as well as our overall financial performance, is also affected by changes in interest rates or in valuations in the debt and equity markets.
   Actions by the Federal Reserve and other government agencies, including those that impact money supply and market interest rates, can affect our activities and financial results
- Our operating results are affected by our liability to provide shares of BlackRock common stock to help fund BlackRock long-term incentive plan ("LTIP") programs, as our LTIP liability is adjusted quarterly ("marked-to-market") based on changes in BlackRock's common stock price and the number of remaining committed shares, and we recognize gain or loss on such shares at such times as shares are transferred for payouts under the LTIP programs.
- Competition can have an impact on customer acquisition, growth and retention, as well as on our credit spreads and product pricing, which can affect market share, deposits
  and revenues
- Our ability to implementour business initiatives and strategies could affect our financial performance over the nextseveral years.
- Our ability to grow successfully through acquisitions is impacted by a number of risks and uncertainties related both to the acquisition transactions themselves and to the
  integration of the acquired businesses into PNC after closing. These uncertainties are present with respect to our pending acquisitions of Sterling Financial Corporation
  ("Sterling") and Yardville National Bancorp ("Yardville"), and continue to be present with respect to the integration of Mercantile Bankshares Corporation.
- Legal and regulatory developments could have an impact on our ability to operate our businesses or our financial condition or results of operations or our competitive position or reputation. Reputational impacts, in turn, could affect matters such as business generation and retention, our ability to attract and retain management, liquidity and funding. These legal and regulatory developments could include: (a) the unfavorable resolution of legal proceedings or regulatory and other governmental inquiries; (b) increased litigation risk from recent regulatory and other governmental developments; (c) the results of the regulatory examination process, our failure to satisfy the requirements of agreements with governmentalagencies, and regulators' future use of supervisory and enforcementtools; (d) legislative and regulatory reforms, including changes to laws and regulations involving tax, pension, and the protection of confidential customer information; and (e) changes in accounting policies and principles.
- Our business and operating results are affected by our ability to identify and effectively manage risks inherent in our businesses, including, where appropriate, through the
  effective use of third-party insurance and capital management techniques.
- · Our ability to anticipate and respond to technological changes can have an impact on our ability to respond to customer needs and to meet competitive demands.

# Cautionary Statement Regarding Forward-Looking Information (continued)

- The adequacy of our intellectual property protection, and the extent of any costs associated with obtaining rights in intellectual property claimed by others, can impact our business and operating results.
- Our business and operating results can also be affected by widespread natural disasters, terrorist activities or international hostilities, either as a result of the impact on the economy and financial and capital markets generally or on us or on our customers, suppliers or other counterparties specifically.
- Also, risks and uncertainties that could affect the results anticipated in forward-looking statements or from historical performance relating to our equity interest in BlackRock, Inc. are discussed in more detail in BlackRock's 2006 Form 10-K, including in the Risk Factors section, and in BlackRock's other fillings with the SEC, accessible on the SEC's website and on or through BlackRock's website at www.blackrock.com

We grow our business from time to time by acquiring other financial services companies, including the pending Sterling and Yardville acquisitions. Acquisitions in general present us with risks other than those presented by the nature of the business acquired. In particular, acquisitions may be substantially more expensive to complete (including as a result of costs incurred in connection with the integration of the acquired company) and the anticipated benefits (including anticipated cost savings and strategic gains) may be significantly harder or take longer to achieve than expected. In some cases, acquisitions involve our entry into new businesses or new geographic or other markets, and these situations also present risks resulting from our inexperience in these new areas. As a regulated financial institution, our pursuit of attractive acquisition opportunities could be negatively impacted due to regulatory delays or other regulatory issues. Regulatory and/or legal issues related to the pre-acquisition operations of an acquired business may cause reputational harm to PNC following the acquired business into ours and may result in additional future costs arising as a result of those issues. Post-closing acquisition risk continues to apply to Mercantile as we complete the integration.

Any annualized, proforma, estimated, third party or consensus numbers in this presentation are used for illustrative or comparative purposes only and may not reflect actual results. Any consensus earnings estimates are calculated based on the earnings projections made by analysts who cover that company. The analysts' opinions, estimates or forecasts (and therefore the consensus earnings estimates) are theirs alone, are not those of PNC or its management, and may not reflect PNC's, Yardville's or other company's actual or anticipated results.

# Additional Information About The PNC/Sterling Financial Corporation Transaction

The PNC Financial Services Group, Inc. and Sterling Financial Corporation will be filing a proxy statement/prospectus and other relevant documents concerning the merger with the United States Securities and Exchange Commission (the "SEC"). WE URGE INVESTORS TO READ THE PROXY STATEMENT/PROSPECTUS AND ANY OTHER DOCUMENTS TO BE FILED WITH THE SEC IN CONNECTION WITH THE MERGER OR INCORPORATED BY REFERENCE IN THE PROXY STATEMENT/PROSPECTUS BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION.

Investors will be able to obtain these documents free of charge at the SEC's web site (www.sec.gov). In addition, documents filed with the SEC by The PNC Financial Services Group, Inc. will be available free of charge from Shareholder Relations at (800) 843-2206. Documents filed with the SEC by Sterling Financial Corporation will be available free of charge from Sterling Financial Corporation by contacting Shareholder Relations at (877) 248-6420.

The directors, executive officers, and certain other members of management and employees of Sterling Financial Corporation are participants in the solicitation of proxies in favor of the merger from the shareholders of Sterling Financial Corporation. Information about the directors and executive officers of Sterling Financial Corporation is included in the proxy statement for its May 8, 2007 annual meeting of shareholders, which was filed with the SEC on April 2, 2007. Additional information regarding the interests of such participants will be included in the proxy statement/prospectus and the other relevant documents filed with the SEC when they become available.

# Additional Information About The PNC/Yardville National Bancorp Transaction

The PNC Financial Services Group, Inc. ("PNC") and Yardville National Bancorp ("Yardville") have filed with the United States Securities and Exchange Commission (the "SEC") a Registration Statement on Form S-4 that includes a preliminary version of a proxy statement of Yardville that also constitutes a preliminary prospectus of PNC. The S-4 has not yet become effective. The parties will file other relevant documents concerning the proposed transaction with the SEC. Following the S-4 being declared effective by the SEC, Yardville intends to mail the final proxy statement to its shareholders. Such final documents, however, are not currently available. WE URGE INVESTORS TO READ THE FINAL PROXY STATEMENT/PROSPECTUS AND ANY OTHER DOCUMENTS TO BE FILED WITH THE SEC IN CONNECTION WITH THE MERGER OR INCORPORATED BY REFERENCE IN THE PROXY STATEMENT/PROSPECTUS, IF AND WHEN THEY BECOME AVAILABLE, BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION.

Investors may obtain these documents, if and when they become available, free of charge at the SEC's web site (www.sec.gov). In addition, documents filed with the SEC by PNC will be available free of charge from Shareholder Relations at (800) 843-2206. Documents filed with the SEC by Yardville will be available free of charge from Yardville by contacting Howard N. Hall, Assistant Treasurer's Office, 2465 Kuser Road, Hamilton, NJ 08690 or by calling (609) 631-6223.

The directors, executive officers, and certain other members of management and employees of Yardville are participants in the solicitation of proxies in favor of the merger from the shareholders of Yardville. Information about the directors and executive officers of Yardville is set forth in its Annual Report on Form 10-K filed on March 30, 2007 for the year ended December 31, 2006, as amended by the Form 10-K/A filed on May 10, 2007. Additional information regarding the interests of such participants will be included in the proxy statement/prospectus and the other relevant documents filed with the SEC if and when they become available.
