- Written communications pursuant to Rule 425 under the Securities Act (17 CFR 230.425)
- Soliciting material pursuant to Rule 14a-12 under the Exchange Act (17 CFR 240.14a-12)
- Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
- Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 2.02 Results of Operations and Financial Condition.

On October 19, 2011, The PNC Financial Services Group, Inc. ("the Corporation") issued a press release and held a conference call for investors regarding the Corporation's earnings and business results for the third quarter and first nine months of 2011. The Corporation also provided supplementary financial information on its web site, including financial information disclosed in connection with its press release, and provided electronic presentation slides on its web site used in connection with the related investor conference call. Copies of the supplementary financial information and electronic presentation slides are included in this Report as Exhibits 99.1 and 99.2, respectively, and are furnished herewith.

Item 9.01 Financial Statements and Exhibits.

- (d) Exhibits. The exhibits listed on the Exhibit Index accompanying this Form 8-K are furnished herewith.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

The information contained in this Financial Supplement is preliminary, unaudited and based on data available on October 19, 2011. We have reclassified certain prior period amounts to be consistent with the current period presentation, which we believe is more meaningful to readers of our consolidated financial statements. This information speaks only as of the particular date or dates included in the schedules. We do not undertake any obligation to, and disclaim any duty to, correct or update any of the information provided in this Financial Supplement. Our future financial performance is subject to risks and uncertainties as described in our United States Securities and Exchange Commission (SEC) filings.

BUSINESS

PNC is one of the largest diversified financial services companies in the United States and is headquartered in Pittsburgh, Pennsylvania. PNC has businesses engaged in retail banking, corporate and institutional banking, asset management, and residential mortgage banking, providing many of its products and services nationally and others in PNC's primary geographic markets located in Pennsylvania, Ohio, New Jersey, Michigan, Maryland, Illinois, Indiana, Kentucky, Florida, Virginia, Missouri, Delaware, Washington, D.C., and Wisconsin. PNC also provides certain products and services internationally.

PENDING ACQUISITION OF RBC BANK (USA)

On June 19, 2011, PNC entered into a definitive agreement to acquire RBC Bank (USA), the US retail banking subsidiary of Royal Bank of Canada. RBC Bank (USA) has approximately \$25 billion of assets and 424 branches in North Carolina, Florida, Alabama, Georgia, Virginia, and South Carolina. The transaction is expected to add approximately \$19 billion of deposits and \$16 billion of loans to PNC's Consolidated Balance Sheet and to close in March 2012, subject to customary closing conditions, including regulatory approvals.

PENDING ACQUISITION OF BRANCHES FROM FLAGSTAR BANK, FSB

On July 26, 2011, PNC signed a definitive agreement to acquire 27 branches in metropolitan Atlanta, Georgia from Flagstar Bank, FSB, a subsidiary of Flagstar Bancorp, Inc., and assume approximately \$240 million of deposits. The transaction is expected to close in December 2011, subject to customary closing conditions, including regulatory approvals.

- (a) Includes impairment charges/recoveries related to commercial mortgage servicing rights. Refer to the business segment results for Corporate & Institutional Banking on page 16 for additional information.
- (b) The fourth quarter of 2010 amount includes the \$160 million gain (\$102 million after taxes) related to our gain on the sale of a portion of our shares of BlackRock stock as part of BlackRock's November 2010 secondary common stock offering. Our 2010 Annual Report on Form 10-K (2010 Form 10-K) includes additional information regarding this transaction.
- (c) Includes results of operations for PNC Global Investment Servicing Inc. (GIS) through June 30, 2010 and the related after-tax gain on sale. We sold GIS effective July 1, 2010, resulting in a gain of \$639 million, or \$328 million after taxes, recognized during the third quarter of 2010. The earnings per diluted share impact of the gain on sale was \$.62 for the third quarter of 2010. Our 2010 Form 10-K includes additional information regarding our sale of GIS.
- (d) The effective income tax rates are generally lower than the statutory rate due to the relationship of pretax income to tax credits and earnings that are not subject to tax. The lower effective tax rate for the second quarter of 2011 was primarily attributable to a \$54 million benefit related to the reversal of deferred tax liabilities. The lower effective tax rate for the third quarter of 2010 was primarily the result of receiving a favorable IRS letter ruling in July 2010 that resolved a prior tax position and resulted in a tax benefit of \$89 million.

Net interest margin (b)	3.89%	3.93%	3.94%	3.93%	3.96%	3.92%	4.18%

- (a) Calculated as annualized taxable-equivalent net interest income divided by average earning assets. The interest income earned on certain earning assets is completely or partially exempt from federal income tax. As such, these tax-exempt instruments typically yield lower returns than taxable investments. To provide more meaningful comparisons of yields and margins for all earning assets in calculating net interest margins, in this table we use net interest income on a taxable-equivalent basis by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income earned on taxable investments. This adjustment is not permitted under generally accepted accounting principles (GAAP) in the Consolidated Income Statement. The taxable-equivalent adjustments to net interest income for the three months ended September 30, 2011, June 30, 2011, March 31, 2011, December 31, 2010, and September 30, 2010 were \$27 million, \$25 million, \$24 million, \$22 million, and \$22 million, respectively. The taxable-equivalent adjustments to net interest income for the nine months ended September 30, 2011 and September 30, 2010 were \$76 million and \$59 million, respectively.
- (b) A reconciliation of net interest margin to provision-adjusted net interest margin follows. We believe that provision-adjusted net interest margin, a non-GAAP measure, is useful as a tool to help evaluate the amount of credit related risk associated with interest-earning assets.

	Three months ended				Nine months ended		
	September 30 2011	June 30 2011	March 31 2011	December 31 2010	September 30 2010	September 30 2010	
Net interest margin, as reported	3.89%	3.93%	3.94%	3.93%	3.96%	3.92%	4.18%
Less: provision adjustment	.46	.51	.76	.78	.86	.58	1.22
Provision-adjusted net interest margin	3.43%	3.42%	3.18%	3.15%	3.10%	3.34%	2.96%

The adjustment represents annualized provision for credit losses divided by average interest-earning assets.

(a) See analysis of troubled debt restructurings (TDRs) on page 10.

(b) Includes loans related to customers in the real estate and construction industries.

(c) Excludes most consumer loans and lines of credit, not secured by residential real estate, which are charged off after 120 to 180 days past due and are not placed on nonperforming status.

(d) Effective in 2011, nonperforming residential mortgage excludes loans of \$68 million accounted for under the fair value option as of September 30, 2011, and \$85 million as of June 30, 2011 and March 31, 2011, respectively. Amounts for prior periods presented were not material.

(e) Effective in the second quarter 2011, the commercial nonaccrual policy was applied to certain small business credit card balances. This change resulted in loans placed on nonaccrual status when they become 90 days or more past due, rather than being excluded and charged off at 180 days past due.

(f) Nonperforming loans do not include purchased impaired loans or loans held for sale.

(g) Other real estate owned excludes \$256 million, \$273 million, \$233 million, \$178 million, and \$163 million at September 30, 2011, June 30, 2011, March 31, 2011, December 31, 2010, and September 30, 2010, respectively, related to serviced loans insured by the Federal Housing Administration (FHA) or guaranteed by the Department of Veterans Affairs (VA).

(h) The allowance for loan and lease losses includes impairment reserves attributable to purchased impaired loans.

Loans whose contractual terms have been restructured in a manner which grants a concession to a borrower experiencing financial difficulties are considered troubled debt restructurings (TDRs). TDRs typically result from our loss mitigation activities and could include rate reductions, principal forgiveness, forbearance and other actions intended to minimize the economic loss and to avoid foreclosure or repossession of collateral. Government insured or guaranteed, held for sale loans, purchased impaired loans and loans accounted for under the fair value option are not classified as TDRs.

- (a) Accruing loans have demonstrated a period of at least six months of performance under the modified terms and are excluded from nonperforming loans.
- (b) Credit cards and certain small business and consumer credit agreements whose terms have been modified and are TDRs. However, since our policy is to exempt these loans from being placed on nonaccrual status as permitted by regulatory guidance as generally these loans are directly charged off in the period that they become 180 days past due, these loans are excluded from nonperforming loans.

Business Segment Descriptions (Unaudited)

Retail Banking provides deposit, lending, brokerage, investment management, and cash management services to consumer and small business customers within our primary geographic markets. Our customers are serviced through our branch network, call centers and online banking. The branch network is located primarily in Pennsylvania, Ohio, New Jersey, Michigan, Maryland, Illinois, Indiana, Kentucky, Florida, Virginia, Missouri, Delaware, Washington, D.C., and Wisconsin.

Corporate & Institutional Banking provides lending, treasury management, and capital markets-related products and services to mid-sized corporations, government and not-for-profit entities, and selectively to large corporations. Lending products include secured and unsecured loans, letters of credit and equipment leases. Treasury management services include cash and investment management, receivables management, disbursement services, funds transfer services, information reporting, and global trade services. Capital markets-related products and services include foreign exchange, derivatives, loan syndications, mergers and acquisitions advisory and related services to middle-market companies, our multi-seller conduit, securities underwriting, and securities sales and trading. Corporate & Institutional Banking also provides commercial loan servicing, and real estate advisory and technology solutions for the commercial real estate finance industry. Corporate & Institutional Banking provides products and services generally within our primary geographic markets, with certain products and services offered nationally and internationally.

Asset Management Group includes personal wealth management for high net worth and ultra high net worth clients and institutional asset management. Wealth management products and services include financial planning, customized investment management, private banking, tailored credit solutions and trust management and administration for individuals and their families. Institutional asset management provides investment management, custody, and retirement planning services. The institutional clients include corporations, unions, municipalities, non-profits, foundations and endowments located primarily in our geographic footprint.

Residential Mortgage Banking directly originates primarily first lien residential mortgage loans on a nationwide basis with a significant presence within the retail banking footprint, and also originates loans through majority owned affiliates. Mortgage loans represent loans collateralized by one-to-four-family residential real estate. These loans are typically underwritten to government agency and/or third party standards, and sold, servicing retained, to secondary mortgage conduits Federal National Mortgage Association (FNMA), Federal Home Loan Mortgage Corporation (FHLMC), Federal Home Loan Banks and third-party investors, or are securitized and issued under the Government National Mortgage Association (GNMA) program. The mortgage servicing operation performs all functions related to servicing mortgage loans - primarily those in first lien position - for various investors and for loans owned by PNC. Certain loans originated through majority owned affiliates are sold to others.

Distressed Assets Portfolio includes commercial residential development loans, cross-border leases, consumer brokered home equity loans, retail mortgages, non-prime mortgages, and residential construction loans. These loans require special servicing and management oversight given current market conditions. We obtained the majority of these loans through acquisitions of other companies.

BlackRock is the largest publicly traded investment management firm in the world. BlackRock manages assets on behalf of institutional and individual investors worldwide through a variety of equity, fixed income, multi-asset class, alternative and cash management separate accounts and funds, including iShares®, the global product leader in exchange-traded funds. In addition, BlackRock provides market risk management, financial markets advisory and enterprise investment system services globally to a broad base of clients. At September 30, 2011, our economic interest in BlackRock was 21%.

- (a) Our business information is presented based on our management accounting practices and our management structure. We refine our methodologies from time to time as our management accounting practices are enhanced and our business and management structure change. Certain prior period amounts have been reclassified to reflect current methodologies and our current business and management structure. We have revised certain capital allocations among our business segments, including amounts for prior periods. PNC's total capital did not change as a result of these adjustments for any periods presented. Amounts are presented on a continuing operations before noncontrolling interests basis and therefore exclude the earnings and revenue attributable to GIS and the related after-tax gain on sale of GIS, which closed July 1, 2010.
- (b) We consider BlackRock to be a separate reportable business segment but have combined its results with Other for this presentation. Our third quarter 2011 Form 10-Q will include additional information regarding BlackRock.
- (c) Includes earnings and gains or losses related to PNC's equity interest in BlackRock and residual activities that do not meet the criteria for disclosure as a separate reportable business, such as gains or losses related to BlackRock transactions, integration costs, asset and liability management activities including net securities gains or losses, other-than-temporary impairment of investment securities and certain trading activities, exited businesses, equity management activities, alternative investments, intercompany eliminations, most corporate overhead, and differences between business segment performance reporting and financial statement reporting (GAAP).
- (d) Amount for the fourth quarter of 2010 includes the \$160 million gain (\$102 million after taxes) related to our gain on the sale of a portion of our shares of BlackRock stock as part of BlackRock's November 2010 secondary common stock offering.

Glossary of Terms

Accretable net interest (Accretable yield) - The excess of cash flows expected to be collected on a purchased impaired loan over the carrying value of the loan. The accretable net interest is recognized into interest income over the remaining life of the loan using the constant effective yield method.

Adjusted average total assets - Primarily comprised of total average quarterly (or annual) assets plus (less) unrealized losses (gains) on investment securities, less goodwill and certain other intangible assets (net of eligible deferred taxes).

Annualized - Adjusted to reflect a full year of activity.

Assets under management - Assets over which we have sole or shared investment authority for our customers/clients. We do not include these assets on our Consolidated Balance Sheet.

Basis point - One hundredth of a percentage point.

Carrying value of purchased impaired loans - The net value on the balance sheet which represents the recorded investment less any valuation allowance.

Cash recoveries - Cash recoveries used in the context of purchased impaired loans represent cash payments from customers that exceeded the recorded investment of the designated impaired loan.

Charge-off - Process of removing a loan or portion of a loan from our balance sheet because it is considered uncollectible. We also record a charge-off when a loan is transferred from portfolio holdings to held for sale by reducing the loan carrying amount to the fair value of the loan, if fair value is less than carrying amount.

Common shareholders' equity to total assets - Common shareholders' equity divided by total assets. Common shareholders' equity equals total shareholders' equity less the liquidation value of preferred stock.

Credit spread - The difference in yield between debt issues of similar maturity. The excess of yield attributable to credit spread is often used as a measure of relative creditworthiness, with a reduction in the credit spread reflecting an improvement in the borrower's perceived creditworthiness.

Derivatives - Financial contracts whose value is derived from changes in publicly traded securities, interest rates, currency exchange rates or market indices. Derivatives cover a wide assortment of financial contracts, including but not limited to forward contracts, futures, options and swaps.

Duration of equity - An estimate of the rate sensitivity of our economic value of equity. A negative duration of equity is associated with asset sensitivity (*i.e.*, positioned for rising interest rates), while a positive value implies liability sensitivity (*i.e.*, positioned for declining interest rates). For example, if the duration of equity is +1.5 years, the economic value of equity declines by 1.5% for each 100 basis point increase in interest rates.

Earning assets - Assets that generate income, which include: Federal funds sold; resale agreements; trading securities; interest-earning deposits with banks; loans held for sale; loans; investment securities; and certain other assets.

Economic capital - Represents the amount of resources that a business or business segment should hold to guard against potentially large losses that could cause insolvency. It is based on a measurement of economic risk, as opposed to risk as defined by regulatory bodies. The economic capital measurement process involves converting a risk distribution to the capital that is required to support the risk, consistent with our target credit rating. As such, economic risk serves as a "common currency" of risk that allows us to compare different risks on a similar basis.

Effective duration - A measurement, expressed in years, that, when multiplied by a change in interest rates, would approximate the percentage change in value of on- and off-balance sheet positions.

Efficiency - Noninterest expense divided by total revenue.

Fair value - The price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

FICO score - A credit bureau-based industry standard score created by Fair Isaac Co. which predicts the likelihood of borrower default. We use FICO scores both in underwriting and assessing credit risk in our consumer lending portfolio. Lower FICO scores indicate likely higher risk of default, while higher FICO scores indicate likely lower risk of default. FICO scores are updated on a periodic basis.

Funds transfer pricing - A management accounting methodology designed to recognize the net interest income effects of sources and uses of funds provided by the assets and liabilities of a business segment. We assign these balances LIBOR-based funding rates at origination that represent the interest cost for us to raise/invest funds with similar maturity and repricing structures.

Futures and forward contracts - Contracts in which the buyer agrees to purchase and the seller agrees to deliver a specific financial instrument at a predetermined price or yield. May be settled either in cash or by delivery of the underlying financial instrument.

GAAP - Accounting principles generally accepted in the United States of America.

Investment securities - Collectively, securities available for sale and securities held to maturity.

Leverage ratio - Tier 1 risk-based capital divided by adjusted average total assets.

LIBOR - Acronym for London InterBank Offered Rate. LIBOR is the average interest rate charged when banks in the London wholesale money market (or interbank market) borrow unsecured funds from each other. LIBOR rates are used as a benchmark for interest rates on a global basis.

Loan-to-value ratio (LTV) - A calculation of a loan's collateral coverage that is used both in underwriting and assessing credit risk in our lending portfolio. LTV is the sum total of loan obligations secured by collateral divided by the market value of that same collateral. Market values of the collateral are based on an independent valuation of the collateral. For example, an LTV of less than 90% is better secured and has less credit risk than an LTV of greater than or equal to 90%. Our real estate market values are updated on an annual basis but may be updated more frequently for select loans.

Loss Given Default (LGD) - An estimate of recovery based on collateral type, collateral value, loan exposure, or the guarantor(s) quality and guaranty type (full or partial). Each loan has its own LGD. The LGD risk rating measures the percentage of exposure of a specific credit obligation that we expect to lose if default occurs. LGD is net of recovery, through either liquidation of collateral or deficiency judgments rendered from foreclosure or bankruptcy proceedings. The LGD rating is updated with the same frequency as the borrower's PD rating, and should be done more frequently than the PD if the collateral values and amounts change often.

Net interest income from loans and deposits - A management accounting assessment, using funds transfer pricing methodology, of the net interest contribution from loans and deposits.

Net interest margin - Annualized taxable-equivalent net interest income divided by average earning assets.

Nonaccretable difference - Contractually required payments receivable on a purchased impaired loan in excess of the cash flows expected to be collected.

Non-discretionary assets under administration - Assets we hold for our customers/clients in a non-discretionary, custodial capacity. We do not include these assets on our Consolidated Balance Sheet.

Nonperforming assets - Nonperforming assets include non-accrual loans, certain non-accrual troubled debt restructured loans, OREO, foreclosed and other assets. We do not accrue interest income on assets classified as nonperforming.

Nonperforming loans - Loans for which we do not accrue interest income. Nonperforming loans include loans to commercial, commercial real estate, equipment lease financing, consumer (including loans and lines of credit secured by residential real estate), and residential real estate (including mortgages and construction) customers as well as certain non-accrual troubled debt restructured loans. Nonperforming loans do not include loans held for sale or OREO and foreclosed assets. Nonperforming loans do not include purchased impaired loans as we are currently accreting interest income over the expected life of the loans.

Notional amount - A number of currency units, shares, or other units specified in a derivative contract.

Operating leverage - The period to period dollar or percentage change in total revenue (GAAP basis) less the dollar or percentage change in noninterest expense. A positive variance indicates that revenue growth exceeded expense growth (*i.e.*, positive operating leverage) while a negative variance implies expense growth exceeded revenue growth (*i.e.*, negative operating leverage).

Other real estate owned (OREO) - Foreclosed assets taken in settlement of troubled loans through surrender or foreclosure. Foreclosed assets include all assets received in full or partial satisfaction of a loan and include real and personal property, equity interests in corporations, partnerships, joint ventures, and beneficial interests in trusts. Premises that are no longer used in operations may also be included in real estate owned.

Other-than-temporary impairment (OTTI) - When the fair value of a security is less than its amortized cost basis, an assessment is performed to determine whether the impairment is other-than-temporary. If we intend to sell the security or more likely than not will be required to sell the security before recovery of its amortized cost basis less any current-period credit loss, an other-than-temporary impairment is considered to have occurred. In such cases, an other-than-temporary impairment is recognized in earnings equal to the entire difference between the investment's amortized cost basis and its fair value at the balance sheet date. Further, if we do not expect to recover the entire amortized cost of the security, an other-than-temporary impairment is considered to have occurred. However for debt securities, if we do not intend to sell the security and it is not more likely than not that we will be required to sell the security before its recovery, the other-than-temporary loss is separated into (a) the amount representing the credit loss, and (b) the amount related to all other factors. The other-than-temporary impairment related to credit losses is recognized in earnings while the amount related to all other factors is recognized in other comprehensive income, net of tax.

Parent company liquidity coverage - Liquid assets divided by funding obligations within a two year period.

Pretax earnings - Income from continuing operations before income taxes and noncontrolling interests.

Pretax, pre-provision earnings from continuing operations - Total revenue less noninterest expense, both from continuing operations.

Probability of Default (PD) - An internal risk rating that indicates the likelihood that a credit obligor will enter into default status.

Provision-adjusted net interest margin - Net interest margin less the ratio of the annualized provision for credit losses to average interest-earning assets.

Purchase accounting accretion - Accretion of the discounts and premiums on acquired assets and liabilities. The purchase accounting accretion is recognized in net interest income over the weighted average life of the financial instruments using the constant effective yield method.

Purchased impaired loans - Acquired loans determined to be credit impaired under FASB ASC 310-30 (AICPA SOP 03-3). Loans are determined to be impaired if there is evidence of credit deterioration since origination and for which it is probable that all contractually required payments will not be collected.

Recorded investment - The initial investment of a purchased impaired loan plus interest accretion and less any cash payments and writedowns to date. The recorded investment excludes any valuation allowance which is included in our allowance for loan and lease losses.

Recovery - Cash proceeds received on a loan that we had previously charged off. We credit the amount received to the allowance for loan and lease losses.

Residential development loans - Project-specific loans to commercial customers for the construction or development of residential real estate including land, single family homes, condominiums and other residential properties. This would exclude loans to commercial customers where proceeds are for general corporate purposes whether or not such facilities are secured.

Residential mortgage servicing rights hedge gains/(losses), net - We have elected to measure acquired or originated residential mortgage servicing rights (MSRs) at fair value under GAAP. We employ a risk management strategy designed to protect the economic value of MSRs from changes in interest rates. This strategy utilizes securities and a portfolio of derivative instruments to hedge changes in the fair value of MSRs arising from changes in interest rates. These financial instruments are expected to have changes in fair value which are negatively correlated to the change in fair value of the MSR portfolio. Net MSR hedge gains/(losses) represent the change in the fair value of MSRs, exclusive of changes due to time decay and payoffs, combined with the change in the fair value of the associated securities and derivative instruments.

Return on average assets - Annualized net income divided by average assets.

Return on average capital - Annualized net income divided by average capital.

Return on average common shareholders' equity - Annualized net income less preferred stock dividends, including preferred stock discount accretion and redemptions, divided by average common shareholders' equity.

Risk-weighted assets - Computed by the assignment of specific risk-weights (as defined by the Board of Governors of the Federal Reserve System) to assets and off-balance sheet instruments.

Securitization - The process of legally transforming financial assets into securities.

Servicing rights - An intangible asset or liability created by an obligation to service assets for others. Typical servicing rights include the right to receive a fee for collecting and forwarding payments on loans and related taxes and insurance premiums held in escrow.

Taxable-equivalent interest - The interest income earned on certain assets is completely or partially exempt from Federal income tax. As such, these tax-exempt instruments typically yield lower returns than taxable investments. To provide more meaningful comparisons of yields and margins for all interest-earning assets, we use interest income on a taxable-equivalent basis in calculating average yields and net interest margins by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income earned on other taxable investments. This adjustment is not permitted under GAAP on the Consolidated Income Statement.

Tier 1 common capital - Tier 1 risk-based capital, less preferred equity, less trust preferred capital securities, and less noncontrolling interests.

Tier 1 common capital ratio - Tier 1 common capital divided by period-end risk-weighted assets.

Tier 1 risk-based capital - Total shareholders' equity, plus trust preferred capital securities, plus certain noncontrolling interests that are held by others; less goodwill and certain other intangible assets (net of eligible deferred taxes relating to taxable and nontaxable combinations), less equity investments in nonfinancial companies less ineligible servicing assets and less net unrealized holding losses on available for sale equity securities. Net unrealized holding gains on available for sale equity securities, net unrealized holding gains (losses) on available for sale debt securities and net unrealized holding gains (losses) on cash flow hedge derivatives are excluded from total shareholders' equity for Tier 1 risk-based capital purposes.

Tier 1 risk-based capital ratio - Tier 1 risk-based capital divided by period-end risk-weighted assets.

Total equity - Total shareholders' equity plus noncontrolling interests.

Total risk-based capital - Tier 1 risk-based capital plus qualifying subordinated debt and trust preferred securities, other noncontrolling interest not qualified as Tier 1, eligible gains on available for sale equity securities and the allowance for loan and lease losses, subject to certain limitations.

Total risk-based capital ratio - Total risk-based capital divided by period-end risk-weighted assets.

Transaction deposits - The sum of interest-bearing money market deposits, interest-bearing demand deposits, and noninterest-bearing deposits.

Troubled debt restructuring - A restructuring of a loan whereby the lender for economic or legal reasons related to the borrower's financial difficulties grants a concession to the borrower that the lender would not otherwise consider.

Watchlist - A list of criticized loans, credit exposure or other assets compiled for internal monitoring purposes. We define criticized exposure for this purpose as exposure with an internal risk rating of other assets especially mentioned, substandard, doubtful or loss.

Yield curve - A graph showing the relationship between the yields on financial instruments or market indices of the same credit quality with different maturities. For example, a "normal" or "positive" yield curve exists when long-term bonds have higher yields than short-term bonds. A "flat" yield curve exists when yields are the same for short-term and long-term bonds. A "steep" yield curve exists when yields on long-term bonds are significantly higher than on short-term bonds. An "inverted" or "negative" yield curve exists when short-term bonds have higher yields than long-term bonds.

The PNC Financial Services Group, Inc.

Third Quarter 2011

Earnings Conference Call
October 19, 2011

Cautionary Statement Regarding Forward-Looking Information and Adjusted Information

This presentation includes "snapshot" information about PNC used by way of illustration. It is not intended as a full business or financial review and should be viewed in the context of all of the information made available by PNC in its SEC filings. The presentation also contains forward-looking statements regarding our outlook for earnings, revenues, expenses, capital levels, liquidity levels, asset levels, asset quality and other matters regarding or affecting PNC and its future business and operations. Forward-looking statements are necessarily subject to numerous assumptions, risks and uncertainties, which change over time.

The forward-looking statements in this presentation are qualified by the factors affecting forward-looking statements identified in the more detailed Cautionary Statement included in the Appendix, which is included in the version of the presentation materials posted on our corporate website at www.pnc.com/investorevents. We provide greater detail regarding some of these factors in our 2010 Form 10-K and 2011 Form 10-Qs, including the Risk Factors and Risk Management sections of those reports, and in our subsequent SEC filings. Our forward-looking statements may also be subject to other risks and uncertainties, including those we may discuss in this presentation or in SEC filings, accessible on the SEC's website at www.sec.gov and on PNC's corporate website at www.pnc.com/secfilings. We have included web addresses in this presentation as inactive textual references only. Information on these websites is not part of this presentation.

Future events or circumstances may change our outlook and may also affect the nature of the assumptions, risks and uncertainties to which our forward-looking statements are subject. Forward-looking statements in this presentation speak only as of the date of this presentation. We do not assume any duty and do not undertake to update forward-looking statements. Actual results or future events could differ, possibly materially, from those anticipated in forward-looking statements, as well as from historical performance.

In this presentation, we sometimes refer to adjusted results to help illustrate the impact of certain types of items. This information supplements our results as reported in accordance with GAAP and should not be viewed in isolation from, or a substitute for, our GAAP results. We believe that this additional information and the reconciliations we provide may be useful to investors, analysts, regulators and others as they evaluate the impact of these respective items on our results for the periods presented due to the extent to which the items are not indicative of our ongoing operations. We may also provide information on pretax pre-provision earnings (total revenue less noninterest expense) and on tangible book value per share (calculated as book value per share less goodwill and other intangible assets per share), as we believe that pretax pre-provision earnings, a non-GAAP measure, is useful as a tool to help evaluate the ability to provide for credit costs through operations, and that tangible book value per share, a non-GAAP measure, is useful as a tool to help evaluate the amount, on a per share basis, of intangible assets included in book value. Where applicable, we provide GAAP reconciliations for such additional information, including in the Appendix.

In certain discussions, we may also provide information on yields and margins for all interest-earning assets calculated using net interest income on a taxable-equivalent basis by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income earned on taxable investments. We believe this adjustment may be useful when comparing yields and margins for all earning assets. We may also use annualized, proforma, estimated or third party numbers for illustrative or comparative purposes only. These may not reflect actual results.

This presentation may also include discussion of other non-GAAP financial measures, which, to the extent not so qualified therein or in the Appendix, is qualified by GAAP reconciliation information available on our corporate website at www.pnc.com under "About PNC-Investor Relations."

Today's Discussion

- ▶ Significant 3Q11 achievements and financial highlights
- ▶ Exceptional client growth
- ▶ Positioned to deliver long-term shareholder value

PNC Continues to Build a Great Company.

Significant 3Q11 Achievements

3Q11 highlights

- ▶ Delivered strong financial results through exceptional client growth across businesses and markets
- ▶ Grew commercial and consumer loans
- ▶ Maintained a high quality balance sheet, improved overall credit quality
- ▶ Disciplined expense management
- ▶ Continued to maintain strong capital levels and ratios and liquidity positions
 - Issued \$1 billion preferred stock
 - Issued \$1.25 billion debt

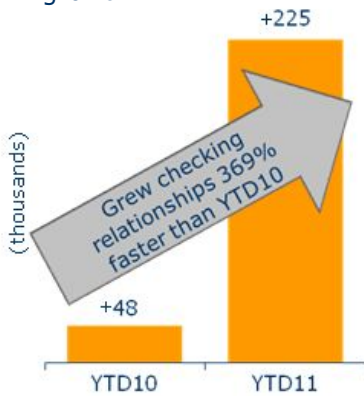

3Q11 financial summary	Net income	Diluted EPS from net income	Return on average assets
	\$834 million	\$1.55	1.24%

PNC Is Positioned to Deliver Even Greater Shareholder Value.

Focused on Growing Client Relationships

Retail Banking

Organic checking relationship growth¹

- ▶ YTD11 annualized organic growth of 5.5%, greater than 1.2% footprint population growth
- ▶ Active online bill payment customers showed organic growth² of 13% from 3Q10, 10% from 4Q10

Corporate & Institutional Banking

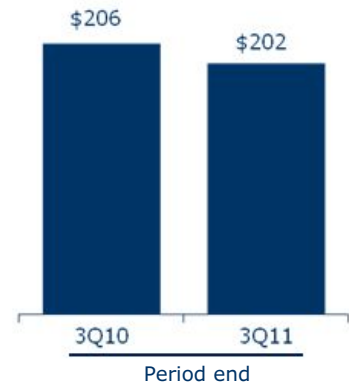

Corporate Banking new primary clients³

- ▶ Ahead of pace to exceed goal of 1,000 new primary clients

Asset Management Group

Assets under administration (billions)

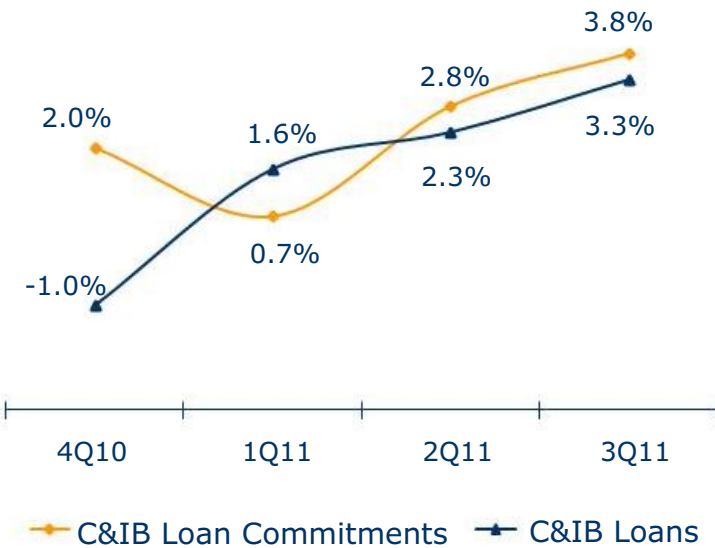

- ▶ YTD11 referral sales⁴ up 86% vs. YTD10
- ▶ YTD11 new primary clients³ up 34% vs. YTD10
- ▶ Total sales have increased by 38% for comparable year over year periods

(1) Organic growth refers to consumer and small business accounts excluding 32,000 relationships acquired by acquisition in 2Q11. (2) Organic growth excludes 3,000 customer accounts acquired by acquisition in 2Q11. (3) Primary client relationships are defined as client relationships with annual revenue generation of \$10,000 or more. (4) New client sales referred to AMG by Retail Banking or C&IB.

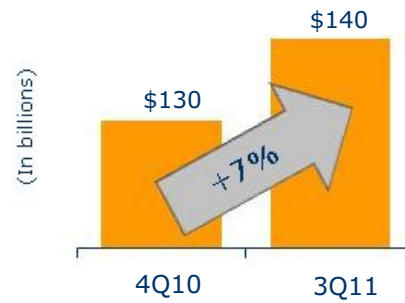

Corporate and Institutional Banking Loan Momentum

Linked quarter change in loans and commitments

Year over year loan growth

C&IB Loan Commitments

C&IB Loans

Loan and commitment values are average balances.

Financial Performance

Balance Sheet Growth		3Q11	2Q11		4Q10
	Loans (\$ billions)	\$155	\$150		\$151
	Deposits (\$ billions)	\$188	\$182		\$183
Strong Earnings		3Q11	2Q11	YTD11	YTD10 ³
	Net income (\$ millions)	\$834	\$912	\$2,578	\$2,249
	Earnings per diluted common share	\$1.55	\$1.67	\$4.79	\$3.62
Capital Adequacy		3Q11	2Q11		4Q10
	Tier 1 common capital ratio ¹	10.5%	10.5%		9.8%
Performance Measures		3Q11	2Q11	YTD11	YTD10 ³
	Return on average assets	1.24%	1.40%	1.31%	1.13%
	Return on Tier 1 common capital ^{1,2}	14.1%	16.1%	14.7%	14.7%

(1) 3Q11 Tier 1 common capital ratio is period-end Tier 1 common capital divided by period-end risk weighted assets and is estimated. (2) Return on Tier 1 common capital calculated as annualized net income divided by estimated period-end Tier 1 common capital. Further information is provided in the Appendix. (3) YTD10 is adjusted to exclude the \$328 million after-tax gain on the sale of GIS. YTD10 reported net income and earnings per diluted common share were \$2,577 million and \$4.24, respectively, and return on average assets and return on Tier 1 common capital were 1.30% and 16.9%, respectively. Further information is provided in the Appendix.

A Higher Quality, Differentiated Balance Sheet

Category (billions)	Change from:		
	Sep. 30, 2011	Jun. 30, 2011	Dec. 31, 2010
Total investment securities	\$62.1	\$2.7	\$(2.2)
Core commercial loans ¹	67.7	3.6	7.0
Core commercial real estate ¹	15.4	0.2	(1.0)
Core consumer loans ¹	58.5	0.9	(0.2)
Distressed loans ²	12.9	(0.5)	(1.9)
Total loans	154.5	4.2	3.9
Other assets	52.9	(0.5)	3.5
Total assets	\$269.5	\$6.4	\$5.2
Transaction deposits	\$143.0	\$5.9	\$8.4
Retail CDs	32.4	(2.0)	(5.0)
Other	12.3	1.9	0.9
Total deposits	187.7	5.8	4.3
Borrowed funds, other	47.6	(1.4)	(3.1)
Shareholders' equity	34.2	2.0	4.0
Total liabilities and equity	\$269.5	\$6.4	\$5.2

Highlights

- ▶ Loans increased \$4 billion or 3% linked-quarter driven by commercial and consumer loans
- ▶ Securities increased \$3 billion, adding primarily agency residential mortgage-backed securities
- ▶ Transaction deposits increased \$6 billion or 4% linked-quarter reflecting increased commercial liquidity
- ▶ Retail CDs declined \$2 billion linked-quarter reflecting expected run-off of higher cost CDs
- ▶ Equity increased \$2 billion due to retained earnings and \$1 billion preferred stock issuance

(1) Excludes loans assigned to the Distressed Assets Portfolio business segment. (2) Represents loans assigned to the Distressed Assets Portfolio business segment. 

Credit Trends Continue to Improve

Criticized commercial loans

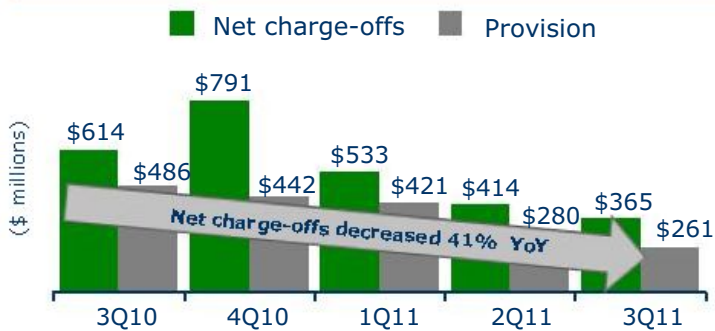

Accruing loans past due^{2,3}

Nonperforming loans^{2,4}

Provision and net charge-offs

As of quarter end except net charge-offs and provision, which are for the quarter. (1) Criticized loans are ones that we consider "special mention," "substandard" or "doubtful". (2) Loans acquired from National City that were impaired are not included as they were recorded at estimated fair value when acquired and are currently considered performing loans due to the accretion of interest in purchase accounting. (3) Includes loans that are government guaranteed/insured, primarily residential mortgages. These loans totaled \$2.8 billion in 3Q11. (4) Does not include loans held for sale or foreclosed and other assets. Effective in 2011, excludes residential real estate loans accounted for under the fair value option.

Net Interest Income and Provision Trends

(millions)	3Q11	2Q11	YTD11	YTD10
Core NII ¹	\$1,883	\$1,860	\$5,638	\$5,724
Purchase accounting accretion ²	292	290	863	1,305
Total NII	\$2,175	\$2,150	\$6,501	\$7,029
Provision	261	280	962	2,060
Provision-adjusted NII ³	\$1,914	\$1,870	\$5,539	\$4,969

Provision-adjusted NII³
increased 11% YoY

Highlights

Quarterly:

- ▶ Total NII improved from 2Q11 due to growth in core NII¹ and better than expected cash recoveries on commercial impaired loans
- ▶ Provision improved modestly as overall credit quality continued to improve

YTD:

- ▶ Provision-adjusted NII³ increased 11% as significantly lower provision more than offset the expected decline in purchase accounting accretion
- ▶ Core NII¹ was stable

Fourth Quarter Outlook:

- ▶ NII expected to remain stable with core NII continuing to grow
- ▶ Provision expected to remain stable with 3Q11

(1) Core net interest income is total net interest income, as reported, less related purchase accounting accretion (scheduled and cash recoveries). (2) Includes scheduled purchase accounting accretion and cash recoveries. Cash recoveries reflects cash received in excess of recorded investment from sales or payoffs of impaired commercial loans. (3) Provision-adjusted net interest income is total net interest income, as reported, less provision.

Client Growth and Sales Momentum Provide Opportunities to Increase Noninterest Revenue

(millions)	3Q11	2Q11	YTD11	YTD10
Asset management ¹	\$287	\$288	\$838	\$751
Consumer services	330	333	974	939
Corporate services ²	187	228	632	712
Residential mortgage	198	163	556	542
Deposit service charges	140	131	394	573
Client fee income	\$1,142	\$1,143	\$3,394	\$3,517
Net gains on sales of securities less net OTTI	33	43	79	77
Other	194	266	803	650
Total noninterest income	\$1,369	\$1,452	\$4,276	\$4,244
Impact of Regulation E and related regulatory changes			\$230	\$90
Total adjusted noninterest income			\$4,506	\$4,334

Adjusted noninterest income increased 4% YoY

Highlights

Quarterly:

- ▶ Asset management and consumer services remained stable
- ▶ Corporate services declined primarily due to reduced value of CMSR from lower interest rates
- ▶ Residential mortgage increased due to higher loan sales and MSR hedge gains
- ▶ Other decreased primarily due to lower asset values

YTD:

- ▶ Noninterest income, adjusted for the impact of regulatory changes, increased 4%

Fourth Quarter Outlook:

- ▶ Consumer services fees expected to be reduced by approximately \$75 million or 9 cents per share in 4Q11 due to regulatory changes on debit card interchange fees

(1) Asset management fees include the Asset Management Group and BlackRock. (2) Corporate services includes impairment charges/recoveries related to commercial mortgage servicing rights.

Well-Controlled Expenses While Investing for Growth

(millions)	3Q11	2Q11	YTD11	YTD10
Personnel	\$949	\$976	\$2,914	\$2,874
Occupancy	171	176	540	536
Equipment	159	158	484	492
Marketing	72	63	175	196
Other	789	803	2,273	2,175
Total noninterest expense	\$2,140	\$2,176	\$6,386	\$6,273

Noninterest expense increased 2% YoY

Highlights

Quarterly:

- ▶ Personnel, Occupancy, Equipment and Other expenses remain well-managed
- ▶ Marketing increased due to elevated advertising costs associated with new products and market expansion

YTD:

- ▶ Noninterest expense increased 2% due to accruals for legal contingencies and foreclosure-related costs

Fourth Quarter Outlook:

- ▶ Other noninterest expenses expected to be increased by \$198 million or 24 cents per share in 4Q11, due to non-cash charge associated with calling \$750 million of trust preferred securities

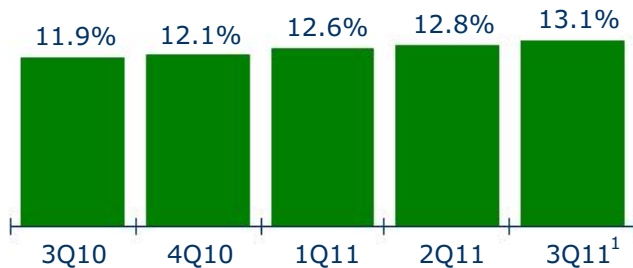

PNC is Committed to Disciplined Expense Management.

Strong Capital and Liquidity Position

Tier 1 common ratio

Tier 1 risk-based ratio

Highlights

- ▶ Tier 1 ratio increased primarily due to \$1 billion preferred stock issuance
- ▶ Proforma Basel III Tier 1 common ratio estimated to be between 8.0-8.5% at December 31, 2012²
 - Significant upside potential assuming final capital requirements reflect the inherent risk profile in our sub-investment grade securities
 - Continue to assume no common stock issuance to fund pending acquisition of RBC Bank (USA)
- ▶ Strong liquidity position
 - Loan-to-deposit ratio of 82%
 - Parent company two year liquidity coverage³ of 168%

Tier 1 common ratio and Tier 1 Risk-based ratio as of quarter end. (1) Estimated. (2) Proforma estimate is based on PNC's Tier 1 common ratio of 10.5% as of 9/30/11, and includes an assumed benefit of 1.3%, which reflects First Call 2011 and 2012 estimates and current dividend payout, as well as an assumed decrease of 3.3%-3.8%, which reflects assumptions regarding credit, operating and market risk under Basel II, the treatment of BlackRock under Basel III and sub-investment grade securities (assuming no AOCI double counting) under Basel II, and assumes no common share issuance for the pending RBC Bank (USA) acquisition. This estimate is subject to further regulatory guidance and clarity. (3) Parent company liquidity coverage defined as liquid assets divided by funding obligations within a two year period.

Outlook for 2012 Compared with Estimated 2011¹

PNC stand-alone:

- ▶ Stable NII assuming low interest rates and no loan growth
- ▶ Increasing fees driven by client growth, despite regulatory impacts
- ▶ Lower credit costs
- ▶ Flat expenses²

RBC Bank (USA):

- ▶ Immediately accretive assuming no capital issuance

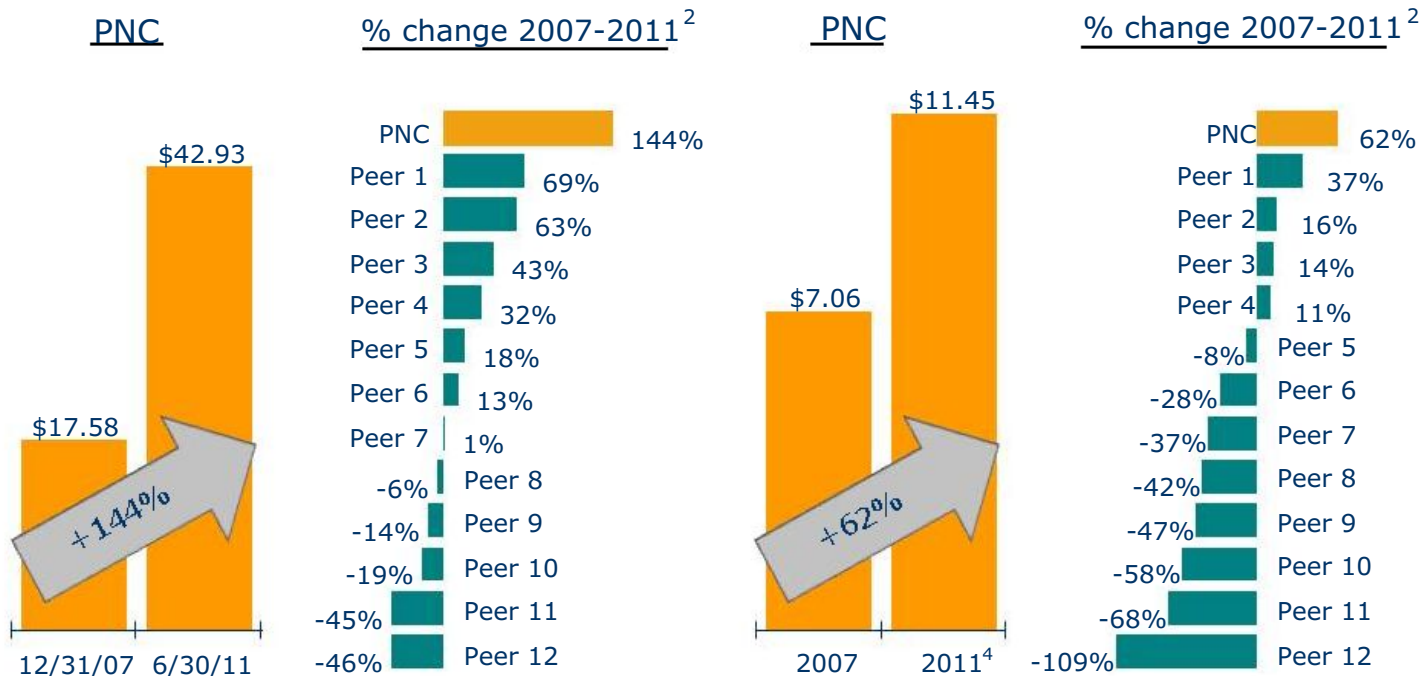

PNC is Positioned to Deliver Strong Results in 2012.

(1) Refer to the Cautionary Statement in the Appendix, including assumptions. Estimated 2011 reflects reported results through 3Q11 and 4Q11 management estimates. (2) Does not include legal and regulatory related contingencies, and Flagstar and RBC Bank (USA) integration and operating costs, along with capital actions related to trust preferred securities.

Delivering Long-Term Shareholder Value

Tangible book value per share¹

Pretax pre-provision earnings per share³

Peer banks identified in the Appendix. Source for banks other than PNC: SNL DataSource. (1) Tangible book value per share calculated as book value per share less goodwill and other intangible assets. Further information is provided in the Appendix. (2) Percentage change for 2007 to six months ended June 30, 2011, annualized, respectively. (3) Pretax, pre-provision earnings are from continued operations and are calculated as total revenue less noninterest expense. Further information is provided in the Appendix. (4) 2011 represents pretax pre-provision earnings for the six months ended June 30, 2011, annualized, divided by the number of shares outstanding as of June 30, 2011.

Cautionary Statement Regarding Forward-Looking Information

Appendix

This presentation includes "snapshot" information about PNC used by way of illustration and is not intended as a full business or financial review. It should not be viewed in isolation but rather in the context of all of the information made available by PNC in its SEC filings.

We also make statements in this presentation, and we may from time to time make other statements, regarding our outlook for earnings, revenues, expenses, capital levels, liquidity levels, asset quality and other matters regarding or affecting PNC and its future business and operations that are forward-looking statements within the meaning of the Private Securities Litigation Reform Act. Forward-looking statements are typically identified by words such as "believe," "plan," "expect," "anticipate," "see," "intend," "outlook," "project," "forecast," "estimate," "goal," "will," "should" and other similar words and expressions. Forward-looking statements are subject to numerous assumptions, risks and uncertainties, which change over time.

Forward-looking statements speak only as of the date made. We do not assume any duty and do not undertake to update forward-looking statements. Actual results or future events could differ, possibly materially, from those anticipated in forward-looking statements, as well as from historical performance.

Our forward-looking statements are subject to the following principal risks and uncertainties.

- Our businesses, financial results and balance sheet values are affected by business and economic conditions, including the following:
 - o Changes in interest rates and valuations in debt, equity and other financial markets.
 - o Disruptions in the liquidity and other functioning of U.S. and global financial markets.
 - o The impact on financial markets and the economy of the downgrade by Standard & Poor's of U.S. Treasury obligations and other U.S. government-backed debt, as well as issues surrounding the level of U.S. and European government debt and concerns regarding the credit worthiness of certain sovereign governments in Europe.
 - o Actions by Federal Reserve, U.S. Treasury and other government agencies, including those that impact money supply and market interest rates.
 - o Changes in customers', suppliers' and other counterparties' performance and creditworthiness.
 - o Slowing or failure of the current moderate economic recovery.
 - o Continued effects of aftermath of recessionary conditions and uneven spread of positive impacts of recovery on the economy and our counterparties, including adverse impacts on levels of unemployment, loan utilization rates, delinquencies, defaults and counterparty ability to meet credit and other obligations.
 - o Changes in customer preferences and behavior, whether due to changing business and economic conditions, legislative and regulatory initiatives, or other factors.
- Our forward-looking financial statements are subject to the risk that economic and financial market conditions will be substantially different than we are currently expecting. These statements are based on our current view that the modest economic expansion will persist in the year ahead and interest rates will remain very low.

Cautionary Statement Regarding Forward-Looking Information (continued)

Appendix

- Legal and regulatory developments could have an impact on ability to operate our businesses, financial condition, results of operations, competitive position, reputation, or pursuit of attractive acquisition opportunities. Reputational impacts could affect matters such as business generation and retention, liquidity, funding, and ability to attract and retain management. These developments could include:
 - Changes resulting from legislative and regulatory reforms, including broad-based restructuring of financial industry regulation and changes to laws and regulations involving tax, pension, bankruptcy, consumer protection, and other industry aspects, and changes in accounting policies and principles. We will be impacted by extensive reforms provided for in the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") and otherwise growing out of the recent financial crisis, the precise nature, extent and timing of which, and their impact on us, remains uncertain.
 - Changes to regulations governing bank capital and liquidity standards, including due to the Dodd-Frank Act and to Basel III initiatives.
 - Unfavorable resolution of legal proceedings or other claims and regulatory and other governmental investigations or other inquiries. In addition to matters relating to PNC's business and activities, such matters may include proceedings, claims, investigations, or inquiries relating to pre acquisition business and activities of acquired companies, such as National City. These matters may result in monetary judgments or settlements or other remedies, including fines, penalties, restitution or alterations in our business practices, and in additional expenses and collateral costs, and may cause reputational harm to PNC.
 - Results of regulatory examination and supervision process, including our failure to satisfy requirements of agreements with governmental agencies.
 - Impact on business and operating results of any costs associated with obtaining rights in intellectual property claimed by others and of adequacy of our intellectual property protection in general.
- Business and operating results are affected by our ability to identify and effectively manage risks inherent in our businesses, including, where appropriate, through effective use of third-party insurance, derivatives, and capital management techniques, and to meet evolving regulatory capital standards. In particular, our results currently depend on our ability to manage elevated levels of impaired assets.
- Business and operating results also include impacts relating to our equity interest in BlackRock, Inc. and rely to a significant extent on information provided to us by BlackRock. Risks and uncertainties that could affect BlackRock are discussed in more detail by BlackRock in SEC filings.
- Our planned acquisition of RBC Bank (USA) presents us with risks and uncertainties related both to the acquisition transaction itself and its integration into PNC after closing, including:
 - Closing is dependent on, among other things, receipt of regulatory and other applicable approvals, the timing of which cannot be predicted with precision at this point and which may not be received at all. The impact of closing on PNC's financial statements will be affected by the timing of the transaction.
 - The transaction (including integration of RBC Bank (USA)'s businesses) may be substantially more expensive to complete than anticipated. Anticipated benefits, including cost savings and strategic gains, may be significantly harder or take longer to achieve than expected or may not be achieved in their entirety as a result of unexpected factors or events.
 - Our ability to achieve anticipated results from this transaction is dependent also on the following factors, in part related to the state of economic and financial markets: the extent of credit losses in the acquired loan portfolios and the extent of deposit attrition. Also, litigation and governmental investigations that may be filed or commenced, as a result of this transaction or otherwise, could impact the timing or realization of anticipated benefits to PNC.

Cautionary Statement Regarding Forward-Looking Information (continued)

Appendix

- o Integration of RBC Bank (USA)'s business and operations into PNC, which will include conversion of RBC Bank (USA)'s different systems and procedures, may take longer than anticipated or be more costly than anticipated or have unanticipated adverse results relating to RBC Bank (USA)'s or PNC's existing businesses. PNC's ability to integrate RBC Bank (USA) successfully may be adversely affected by the fact that this transaction will result in PNC entering several markets where PNC does not currently have any meaningful retail presence.
- In addition to the planned RBC Bank (USA) transaction, we grow our business in part by acquiring from time to time other financial services companies, financial services assets and related deposits. These other acquisitions, including our planned acquisition of branches and related deposits in metropolitan Atlanta, Georgia from Flagstar Bank, FSB, often present risks and uncertainties analogous to those presented by the RBC Bank (USA) transaction, as well as, in some cases, with risks related to entering into new lines of business.
- Competition can have an impact on customer acquisition, growth and retention and on credit spreads and product pricing, which can affect market share, deposits and revenues. Industry restructuring in the current environment could also impact our business and financial performance through changes in counterparty creditworthiness and performance and in competitive and regulatory landscape. Our ability to anticipate and respond to technological changes can also impact our ability to respond to customer needs and meet competitive demands.
- Business and operating results can also be affected by widespread disasters, dislocations, terrorist activities or international hostilities through impacts on the economy and financial markets generally or on us or our counterparties specifically.

We provide greater detail regarding some of these factors in our 2010 Form 10-K and first and second quarter 2011 Form 10-Qs, including Risk Factors and Risk Management sections of those reports, and our subsequent SEC filings. Our forward-looking statements may also be subject to other risks and uncertainties, including those we may discuss elsewhere in this presentation or in SEC filings, accessible on the SEC's website at www.sec.gov and on our corporate website at www.pnc.com/secfilings. We have included these web addresses as inactive textual references only. Information on these websites is not part of this document.

Any annualized, proforma, estimated, third party or consensus numbers in this presentation are used for illustrative or comparative purposes only and may not reflect actual results. Any consensus earnings estimates are calculated based on the earnings projections made by analysts who cover that company. The analysts' opinions, estimates or forecasts (and therefore the consensus earnings estimates) are theirs alone, are not those of PNC or its management, and may not reflect PNC's or other company's actual or anticipated results.

Non-GAAP to GAAP Reconciliation

Appendix

<i>In millions</i>	As of or for the three months ended				
	Sept. 30, 2011	June 30, 2011	Mar. 31, 2011	Dec. 31, 2010	Sept. 30, 2010
Tier 1 common capital (1)	\$23,410	\$22,745	\$21,976	\$21,188	\$20,437
Reported net income	834	912	832	820	1,103
Reported net income, if annualized	3,309	3,658	3,374	3,253	4,376
Adjustments:					
After-tax gain on sale of GIS					(328)
Adjusted net income					775
Adjusted net income, if annualized					3,075
Return on tier 1 common capital	14.1%	16.1%	15.4%	15.4%	21.4%
Adjusted return on tier 1 common capital					15.0%

<i>In millions</i>	As of or for the nine months ended	
	Sept. 30, 2011	Sept. 30, 2010
Tier 1 common capital (1)	\$23,410	\$20,437
Reported net income	2,578	2,577
Reported net income, if annualized	3,447	3,445
Adjustments:		
After-tax gain on sale of GIS		(328)
Adjusted net income		2,249
Adjusted net income, if annualized		3,007
Return on tier 1 common capital	14.7%	16.9%
Adjusted return on tier 1 common capital		14.7%

PNC believes that return on tier 1 common capital is useful as a tool to help measure and assess a company's use of common equity and that such information adjusted for the impact of the GIS gain may be useful due to the extent to which that item is not indicative of our ongoing operations. After-tax adjustments are calculated using a marginal federal income tax rate of 35% and include applicable income tax adjustments. The after-tax gain on the sale of GIS also reflects the impact of state income taxes. The pre-tax gain on the sale of GIS was \$639 million.

(1) Estimated for Sept. 30, 2011.

Non-GAAP to GAAP Reconciliation

Appendix

<i>In millions except per share data</i>	As of		
	Dec. 31, 2007	June 30, 2011	% Change
Common shareholders' equity	\$14,847	\$31,588	
Common shares outstanding	341	526	
Book value per common share	\$43.60	\$60.02	38%
Goodwill and other intangible assets	\$8,853	\$9,005	
Common shareholders' equity less intangible assets	\$5,994	\$22,583	
Common shares outstanding	341	526	
Tangible book value per common share	\$17.58	\$42.93	144%

PNC believes that tangible book value per common share, a non-GAAP measure, is useful as a tool to help evaluate the amount, on a per share basis, of goodwill and other intangible assets included in book value per common share.

<i>In millions except per share data</i>	For the nine months ended September 30, 2010						
	Adjustments, pretax	Income taxes (benefit) ¹	Net income	Net income attributable to common shareholders	Diluted EPS from net income	Average Assets	Return on Avg. Assets (2)
Net income, diluted EPS, and return on avg. assets, as reported			\$2,577	\$2,213	\$4.24	\$265,355	1.30%
Adjustments:							
Gain on sale of GIS	\$(639)	\$311	(328)	(328)	(.62)		
Net income, diluted EPS, and return on avg. assets, as adjusted			\$2,249	\$1,885	\$3.62	\$265,355	1.13%

PNC believes that information adjusted for the impact of the gain on the sale of GIS may be useful due to the extent to which that item is not indicative of our ongoing operations.

(1) Calculated using a marginal federal income tax rate of 35% and includes applicable income tax adjustments and the impact of state income taxes.

(2) Calculated as annualized income divided by average assets.
