D Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

Item 2.02 Results of Operations and Financial Condition.

On April 13, 2017, The PNC Financial Services Group, Inc. ("the Corporation") issued a press release and held a conference call for investors regarding the Corporation's earnings and business results for the first quarter of 2017. The Corporation also provided supplementary financial information on its web site, including financial information disclosed in connection with its press release, and provided electronic presentation slides on its web site used in connection with the related investor conference call. Copies of the supplementary financial information and electronic presentation slides are included in this Report as Exhibits 99.1 and 99.2, respectively, and are furnished herewith.

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits. The exhibits listed on the Exhibit Index accompanying this Form 8-K are furnished herewith.

SIGNATURE

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned hereunto duly authorized.

THE PNC FINANCIAL SERVICES GROUP, INC. *(Registrant)*

Glossary of Terms

The information contained in this Financial Supplement is preliminary, unaudited and based on data available on April 13, 2017. We have reclassified certain prior period amounts to be consistent with the current period presentation, which we believe is more meaningful to readers of our consolidated financial statements. This information speaks only as of the particular date or dates included in the schedules. We do not undertake any obligation to, and disclaim any duty to, correct or update any of the information provided in this Financial Supplement. Our future financial performance is subject to risks and uncertainties as described in our United States Securities and Exchange Commission (SEC) filings.

BUSINESS

(a) Calculated as annualized taxable-equivalent net interest income divided by average earning assets. To provide more meaningful comparisons of net interest yields for all earning assets, interest income includes the effects of taxable-equivalent adjustments using a statutory federal income tax rate of 35% to increase tax-exempt interest income to a taxable-equivalent basis. This adjustment is not permitted under generally accepted accounting principles (GAAP) in the Consolidated Income Statement. The taxable-equivalent adjustments to net interest income for the three months ended March 31, 2017, December 31, 2016, September 30, 2016, June 30, 2016 and March 31, 2016, were \$52 million, \$50 million, \$49 million and \$48 million, respectively.

(b) Represents the positive effects of investing noninterest-bearing sources in interest-earning assets.

Table 5: Per Share Related Information (Unaudited)

		Three months ended

Business Segment Descriptions (Unaudited)

Retail Banking provides deposit, lending, brokerage, investment management and cash management products and services to consumer and small business customers within our primary geographic markets. Our customers are serviced through our branch network, ATMs, call centers, online banking and mobile channels. The branch network is located primarily in Pennsylvania, Ohio, New Jersey, Michigan, Illinois, Maryland, Indiana, Florida, North Carolina, Kentucky, Washington, D.C., Delaware, Virginia, Georgia, Alabama, Missouri, Wisconsin and South Carolina. Deposit products include checking, savings and money market accounts and certificates of deposit. Lending products include residential mortgages, home equity loans and lines of credit, auto loans, credit cards, education loans and personal loans and lines of credit. The residential mortgage loans are directly originated within our branch network and nationwide, and are typically underwritten to government agency and/or third-party standards, and either sold, servicing retained, or held on our balance sheet. Our mortgage servicing operation performs all functions related to servicing residential mortgage loans for investors and for loans we own. Brokerage, investment management and cash management products and services include managed accounts, education accounts, retirement accounts and trust and estate services.

Corporate & Institutional Banking provides lending, treasury management, and capital markets-related products and services to mid-sized and large corporations, government and not-for-profit entities. Lending products include secured and unsecured loans, letters of credit and equipment leases. Treasury management services include cash and investment management, receivables management, disbursement services, funds transfer services, information reporting and global trade services. Capital markets-related products and services include foreign exchange, derivatives, securities, loan syndications, mergers and acquisitions advisory and equity capital markets advisory related services. We also provide commercial loan servicing and technology solutions for the commercial real estate finance industry. Products and services are generally provided within our primary geographic markets, with certain products and services offered nationally and internationally.

Asset Management Group includes personal wealth management for high net worth and ultra high net worth clients and institutional asset management. Wealth management products and services include investment and retirement planning, customized investment management, private banking, tailored credit solutions, and trust management and administration for individuals and their families. Our Hawthorn unit provides multi-generational family planning including wealth strategy, investment management, private banking, tax and estate planning guidance, performance reporting and personal administration services to ultra high net worth families. Institutional asset management provides advisory, custody administration and retirement administration services. The business also offers PNC proprietary mutual funds and investment strategies. Institutional clients include corporations, unions, municipalities, non-profits, foundations and endowments, primarily located in our geographic footprint.

BlackRock, in which we hold an equity investment, is a leading publicly traded investment management firm providing a broad range of investment and risk management services to institutional and retail clients worldwide. Using a diverse platform of active and index investment strategies across asset classes, BlackRock develops investment outcomes and asset allocation solutions for clients. Product offerings include single- and multi-asset class portfolios investing in equities, fixed income, alternatives and money market instruments. BlackRock also offers an investment and risk management technology platform, risk analytics and advisory services and solutions to a broad base of institutional investors. Our equity investment in BlackRock provides us with an additional source of noninterest income and increases our overall revenue diversification. BlackRock is a publicly traded company, and additional information regarding its business is available in its filings with the Securities and Exchange Commission (SEC). At March 31, 2017, our economic interest in BlackRock was 22%.

Table 14: Period End Employees (a)

(a) Effective for the first quarter of 2017, as a result of changes to how we manage our businesses, we realigned our segments and, accordingly, have changed the basis of presentation of our segments, resulting in four reportable business segments: Retail Banking, Corporate & Institutional Banking, Asset Management Group and BlackRock. All prior periods presented were revised to conform to the new segment alignment.

(a) Effective for the first quarter of 2017, as a result of changes to how we manage our businesses, we realigned our segments and, accordingly, have changed the basis of presentation of our segments, resulting in four reportable business segments: Retail Banking, Corporate & Institutional Banking, Asset Management Group and BlackRock. For purposes of this presentation, we have combined BlackRock with Other. All prior periods presented were revised to conform to the new segment alignment.

(b) Our business information is presented based on our internal management reporting practices. Net interest income in business segment results reflects PNC's internal funds transfer pricing methodology. Assets receive a funding charge and liabilities and capital receive a funding credit based on a transfer pricing methodology that incorporates product repricing characteristics, tenor and other factors. We periodically refine our internal methodology primarily relating to weighted average lives of certain non-maturity deposits. These changes in methodology affected business segment results, primarily adversely impacting net interest income for Corporate & Institutional Banking and Retail Banking, offset by increased net interest income in Other. All prior periods presented were revised to reflect our change in internal funds transfer pricing methodology.

(c) Includes earnings and gains or losses related to PNC's equity interest in BlackRock and residual activities that do not meet the criteria for disclosure as a separate reportable business. We provide additional information on these activities in our Form 10-K and Form 10-Q filings with the SEC.

(a) Represents mortgage loan servicing balances for third parties and the related income.

(b) Presented as of period end, except for customer-related statistics which are quarterly averages, and net charge-offs, which are for the three months ended.

(c) Servicing fees net of impact of decrease in MSR value due to passage of time, including the impact from both regularly scheduled loan prepayments and loans that were paid down or paid off during the period.

(d) Mortgages with borrowers as part of residential real estate purchase transactions.

(e) Percentage of total consumer and business banking deposit transactions processed at an ATM or through our mobile banking application.

(f) Represents consumer checking relationships that process the majority of their transactions through non-teller channels.

(g) Excludes stand-alone mortgage offices and satellite offices (e.g., drive-ups, electronic branches and retirement centers) that provide limited products and/or services.

(h) Included in total branches, represents branches operating under our Universal model.

(i) Includes cash and money market balances.

(a) See note (a) on page 11.

(b) Represents loans serviced for PNC and others.

(c) Presented as of period end.

(d) Represents consolidated PNC amounts.

(e) Includes amounts reported in net interest income, corporate service fees and other noninterest income.

(f) Includes other noninterest income for valuations on commercial mortgage loans held for sale and related commitments, derivative valuations, origination fees, and gains on sale of loans held for sale and net interest income on loans held for sale.

(g) Includes net interest income and noninterest income, primarily in corporate services fees, from loan servicing and ancillary services, net of changes in fair value on

commercial mortgage servicing rights due to time and payoffs. Commercial mortgage servicing rights valuation, net of economic hedge is shown separately.

(h) Includes amounts reported in corporate service fees.

(a) See note (a) on page 11.

(b) As of period end.

(c) Excludes brokerage account client assets.

(d) Effective for the first quarter of 2017, we have adjusted nondiscretionary client assets under administration for prior periods to remove assets which, as a result of certain investment advisory services performed by one of our registered investment advisors, were previously reported as both discretionary client assets under management and nondiscretionary client assets under administration. Effective for the first quarter of 2017, these amounts are only reported as discretionary assets under management. Prior periods were adjusted to remove approximately \$9 billion, \$9 billion and \$7 billion as of December 31, 2016, September 30, 2016, June 30, 2016, and March 31, 2016 previously included in nondiscretionary assets under administration. In addition, effective for the first quarter of 2017, we have refined our methodologies for allocating discretionary client assets under management by asset type. As a result, we have updated the presentation of discretionary client assets under management by asset type.

Glossary of Terms

Adjusted average total assets - Primarily consisted of total average quarterly (or annual) assets plus (less) unrealized losses (gains) on investment securities, less goodwill and certain other intangible assets (net of eligible deferred taxes).

Basel III common equity Tier 1 capital - Common stock plus related surplus, net of treasury stock, plus retained earnings, plus accumulated other comprehensive income for securities currently and previously held as available for sale, plus accumulated other comprehensive income for pension and other postretirement benefit plans, less goodwill, net of associated deferred tax liabilities, less other disallowed intangibles, net of deferred tax liabilities and plus/less other adjustments.

Basel III common equity Tier 1 capital ratio - Common equity Tier 1 capital divided by period-end risk-weighted assets (as applicable).

Basel III Tier 1 capital - Common equity Tier 1 capital, plus preferred stock, plus certain trust preferred capital securities, plus certain noncontrolling interests that are held by others and plus/less other adjustments.

Basel III Tier 1 capital ratio - Tier 1 capital divided by period-end risk-weighted assets (as applicable).

Basel III Total capital - Tier 1 capital plus qualifying subordinated debt, plus certain trust preferred securities, plus, under the Basel III transitional rules and the standardized approach, the allowance for loan and lease losses included in Tier 2 capital and other.

Basel III Total capital ratio - Total capital divided by period-end risk-weighted assets (as applicable).

<u>Charge-off</u> - Process of removing a loan or portion of a loan from our balance sheet because it is considered uncollectible. We also record a charge-off when a loan is transferred from portfolio holdings to held for sale by reducing the loan carrying amount to the fair value of the loan, if fair value is less than carrying amount.

Combined loan-to-value ratio (CLTV) - This is the aggregate principal balance(s) of the mortgages on a property divided by its appraised value or purchase price.

Common shareholders' equity - Total shareholders' equity less the liquidation value of preferred stock.

Credit valuation adjustment (CVA) - Represents an adjustment to the fair value of our derivatives for our own and counterparties' non-performance risk.

Criticized commercial loans - Loans with potential or identified weaknesses based upon internal risk ratings that comply with the regulatory classification definitions of "Special Mention," "Substandard" or "Doubtful."

Discretionary client assets under management - Assets over which we have sole or shared investment authority for our customers/clients. We do not include these assets on our Consolidated Balance Sheet.

Duration of equity - An estimate of the rate sensitivity of our economic value of equity. A negative duration of equity is associated with asset sensitivity (i.e., positioned for rising interest rates), while a positive value implies liability sensitivity (i.e., positioned for declining interest rates). For example, if the duration of equity is -1.5 years, the economic value of equity increases by 1.5% for each 100 basis point increase in interest rates.

Earning assets - Assets that generate income, which include: interest-earning deposits with banks; loans held for sale; loans; investment securities; and certain other assets.

Effective duration - A measurement, expressed in years, that, when multiplied by a change in interest rates, would approximate the percentage change in value of on- and offbalance sheet positions.

Efficiency - Noninterest expense divided by total revenue.

Fair value - The price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fee income - When referring to the components of Noninterest income, we use the term fee income to refer to the following categories within Noninterest income: Asset management; Consumer services; Corporate services; Residential mortgage; and Service charges on deposits.

FICO score - A credit bureau-based industry standard score created by Fair Isaac Co. which predicts the likelihood of borrower default. We use FICO scores both in underwriting and assessing credit risk in our consumer lending portfolio. Lower FICO scores indicate likely higher risk of default, while higher FICO scores indicate likely lower risk of default. FICO scores are updated on a periodic basis.

<u>Futures and forward contracts</u> - Contracts in which the buyer agrees to purchase and the seller agrees to deliver a specific financial instrument at a predetermined price or yield. May be settled either in cash or by delivery of the underlying financial instrument.

GAAP - Accounting principles generally accepted in the United States of America.

Impaired loans - Loans are determined to be impaired when, based on current information and events, it is probable that all contractually required payments will not be collected. Impaired loans include commercial nonperforming loans and consumer and commercial TDRs, regardless of nonperforming status. Excluded from impaired loans are nonperforming leases, loans held for sale, loans accounted for under the fair value option, smaller balance homogenous type loans and purchased impaired loans.

Leverage ratio - Tier 1 capital divided by average quarterly adjusted total assets.

LIBOR - Acronym for London InterBank Offered Rate. LIBOR is the average interest rate charged when banks in the London wholesale money market (or interbank market) borrow unsecured funds from each other. LIBOR rates are used as a benchmark for interest rates on a global basis. Our product set includes loans priced using LIBOR as a benchmark.

Loan-to-value ratio (LTV) - A calculation of a loan's collateral coverage that is used both in underwriting and assessing credit risk in our lending portfolio. LTV is the sum total of loan obligations secured by collateral divided by the market value of that same collateral. Market values of the collateral are based on an independent valuation of the collateral. For example, a LTV of less than 90% is better secured and has less credit risk than a LTV of greater than or equal to 90%.

Loss given default (LGD) - An estimate of loss, net of recovery based on collateral type, collateral value, loan exposure, and other factors. Each loan has its own LGD. The LGD risk rating measures the percentage of exposure of a specific credit obligation that we expect to lose if default occurs. LGD is net of recovery, through any means, including but not limited to the liquidation of collateral or deficiency judgments rendered from foreclosure or bankruptcy proceedings.

Nonaccrual loans - Loans for which we do not accrue interest income. Nonaccrual loans include nonperforming loans, in addition to loans accounted for under the fair value option and loans accounted for sale for which full collection of contractual principal and/or interest is not probable.

Nondiscretionary client assets under administration - Assets we hold for our customers/clients in a nondiscretionary, custodial capacity. We do not include these assets on our Consolidated Balance Sheet.

Nonperforming assets - Nonperforming assets include nonperforming loans and OREO, foreclosed and other assets, but exclude certain government insured or guaranteed loans for which we expect to collect substantially all principal and interest, loans held for sale, loans accounted for under the fair value option and purchased impaired loans. We do not accrue interest income on assets classified as nonperforming.

<u>Nonperforming loans</u> - Loans accounted for at amortized cost for which we do not accrue interest income. Nonperforming loans include loans to commercial, commercial real estate, equipment lease financing, home equity, residential real estate, credit card and other consumer customers as well as TDRs which have not returned to performing status. Nonperforming loans exclude certain government insured or guaranteed loans for which we expect to collect substantially all principal and interest, loans held for sale, loans accounted for under the fair value option and purchased impaired loans. Nonperforming loans exclude purchased impaired loans as we are currently accreting interest income over the expected life of the loans.

Notional amount - A number of currency units, shares, or other units specified in a derivative contract.

Operating leverage - The period to period dollar or percentage change in total revenue (GAAP basis) less the dollar or percentage change in noninterest expense. A positive variance indicates that revenue growth exceeded expense growth (i.e., positive operating leverage) while a negative variance implies expense growth exceeded revenue growth (i.e., negative operating leverage).

Options - Contracts that grant the purchaser, for a premium payment, the right, but not the obligation, to either purchase or sell the associated financial instrument at a set price during a specified period or at a specified date in the future.

Other real estate owned (OREO), foreclosed and other assets - Assets taken in settlement of troubled loans primarily through deed-in-lieu of foreclosure or foreclosure. Foreclosed and other assets include real and personal property, equity interests in corporations, partnerships, and limited liability companies. Excludes certain assets that have a government-guarantee which are classified as other receivables.

Probability of default (PD) - An internal risk rating that indicates the likelihood that a credit obligor will enter into default status.

Recovery - Cash proceeds received on a loan that we had previously charged off. We credit the amount received to the allowance for loan and lease losses.

<u>Risk-weighted assets</u> - Computed by the assignment of specific risk-weights (as defined by the Board of Governors of the Federal Reserve System) to assets and off-balance sheet instruments.

Servicing rights - An intangible asset or liability created by an obligation to service assets for others. Typical servicing rights include the right to receive a fee for collecting and forwarding payments on loans and related taxes and insurance premiums held in escrow.

<u>Taxable-equivalent interest income</u> - The interest income earned on certain assets is completely or partially exempt from federal income tax. As such, these tax-exempt instruments typically yield lower returns than taxable investments. To provide more meaningful comparisons of yields and margins for all interest-earning assets, we use interest income on a taxable-equivalent basis in calculating average yields and net interest margins by increasing the interest income earned on tax-exempt assets to make it fully equivalent to interest income earned on other taxable investments. This adjustment is not permitted under GAAP on the Consolidated Income Statement.

Transitional Basel III common equity - Common equity calculated under Basel III using phased in definitions and deductions applicable to us during the related presentation period.

Troubled debt restructuring (TDR) - A loan whose terms have been restructured in a manner that grants a concession to a borrower experiencing financial difficulties.

<u>Vield curve</u> - A graph showing the relationship between the yields on financial instruments or market indices of the same credit quality with different maturities. For example, a "normal" or "positive" yield curve exists when long-term bonds have higher yields than short-term bonds. A "flat" yield curve exists when yields are the same for short-term and long-term bonds. A "flat" yield curve exists when yields on long-term bonds are significantly higher than on short-term bonds. An "inverted" or "negative" yield curve exists when short-term bonds.

Exhibit 99.2

First Quarter 2017 Earnings Conference Call April 13, 2017

The PNC Financial Services Group

Cautionary Statement Regarding Forward-Looking and Non-GAAP Financial Information

Our earnings conference call presentation is not intended as a full business or financial review and should be viewed in the context of all of the information made available by PNC in its SEC filings and on its corporate website.

The presentation contains forward-looking statements regarding our outlook for earnings, revenues, expenses, capital and liquidity levels and ratios, asset levels, asset quality, financial position, and other matters regarding or affecting PNC and its future business and operations. Forward-looking statements are necessarily subject to numerous assumptions, risks and uncertainties, which change over time. The forward-looking statements in this presentation are qualified by the factors affecting forward-looking statements identified in the more detailed Cautionary Statement included in the Appendix. We provide greater detail regarding these as well as other factors in our 2016 Form 10-K, and in our subsequent SEC filings. Our forward-looking statements may also be subject to other risks and uncertainties, including those we may discuss in this presentation or in our SEC filings. Future events or circumstances may change our outlook and may also affect the nature of the assumptions, risks and uncertainties to which our forward-looking statements are subject. Forward-looking statements in this presentation speak only as of the date of this presentation. We do not assume any duty and do not undertake to update those statements. Actual results or future events could differ, possibly materially, from those anticipated in forward-looking statements, as well as from historical performance.

In this presentation, we may sometimes include non-GAAP financial information. Non-GAAP financial information includes metrics such as fee income, tangible book value, pretax, pre-provision earnings, and return on tangible common equity, as well as adjusted results and certain information used to review components of reported information. When we do so, we provide GAAP reconciliations for such information. Such reconciliations may be found in our presentation, in these slides, including the Appendix, in other materials on our corporate website, and in our SEC filings. This information supplements our results as reported in accordance with GAAP and should not be viewed in isolation from, or as a substitute for, our GAAP results. We believe that this information and the related reconciliations may be useful to investors, analysts, regulators and others to help understand and evaluate our financial results. We may also use annualized, pro forma, estimated or third party numbers for illustrative or comparative purposes only. These may not reflect actual results.

References to our corporate website are to www.pnc.com under "About Us – Investor Relations." Our SEC filings are available both on our corporate website and on the SEC's website at www.sec.gov. We include web addresses here as inactive textual references only. Information on these websites is not part of this presentation.

First Quarter 2017 Highlights

Delivered high quality results

- Higher revenues
- Loan growth
- Well-managed expenses
- Stable credit quality
- Strong capital return and liquidity position
- Continued to execute on our strategic priorities to deliver positive operating leverage and create long-term shareholder value

\$1.1 billion

Diluted EPS

Tangible Book Value \$67.47 per common share

- Tangible book value per common share (Non-GAAP) - See Reconciliation in Appendix.

Balance Sheet: Grew Loans and Securities

		Char	nge vs.	
Average balances \$ billions	1Q17	4Q16	1Q16	Highlights
Commercial lending	\$139.8	\$1.2	\$5.3	 Growth in corporate banking & equipment finance businesses
Consumer lending	72.5	0.2	(0.2)	 Growth in residential mortgage, auto and credit card, partially offset by declines in home equity and education
Total loans	\$212.3	\$1.4	\$5.1	
Investment securities	\$76.3	\$0.2	\$6.0	9% increase over 1Q16
Interest-earning deposits with banks	\$24.2	(\$1.1)	(\$1.3)	
Deposits	\$254.9	(\$2.1)	\$8.8	 Reflects seasonal activity vs. 4Q16 as a decline in commercial deposits was partially offset by growth in consumer deposits
Common shareholders' equity	\$41.5	(\$0.3)	\$0.3	 92% payout ratio for 1Q17 5.0 million shares repurchased for \$0.6 billion and dividends of \$0.3 billion
Three months ended	3/31/17	12/31/16	3/31/16	
Pro forma fully phased-in Basel III common equity Tier 1 capital ratio	10.0%	10.0%	10.1%	 Maintained strong capital position
Tangible book value per common share	\$67.47	\$67.26	\$65.15	4% increase over 1Q16
Return on average assets	1.19%	1.13%	1.07%	
Return on average common equity	9.50%	9.31%	8.44%	
Return on tangible common equity	12.15%	11.90%	10.84%	

 Payout ratio - Refers to amount used to fund common stock dividends and share repurchases as a percentage of net income attributable to diluted common shares.
 Pro forma fully phased-in Basel III common equity Tier 1 capital ratio (Non-GAAP) - Estimated ratios calculated based on the standardized approach. See Appendix for additional information.

 Tangible book value per common share (Non-GAAP) - See Reconciliation in Appendix.
 Return on tangible common equity (Non-GAAP) - Annualized net income attributable to common shareholders divided by tangible common equity. See Reconciliation in Appendix.

Income Statement: High Quality Results

		Chan	ge vs.		
\$ millions	1Q17	4Q16	1Q16		Highlights
Net interest income	\$2,160	\$30	\$62	•	Growth primarily driven by higher loan and securities yields
Fee income	\$1,402	(\$47)	\$141	•	Seasonal declines from 4Q16
Other income	er income \$322 \$27		\$16		Includes a \$47 million valuation adjustment associated with certain equity investments subject to the Volcker Rule
Noninterest income	\$1,724	(\$20)	\$157		
Total revenue	\$3,884	\$10	\$219		
Noninterest expense	\$2,402	(\$39)	\$121		Disciplined expense management
Pretax, pre-provision earnings	\$1,482	\$49	\$98	•	Achieved positive operating leverage
Provision	\$88	\$21	(\$64)	2.	Overall stable credit quality – provision in line with guidance
Net income	\$1,074	\$27	\$131		
Net income attributable to common shareholders	\$973	(\$9)	\$114	•	Negatively impacted by \$19 million or \$0.04 diluted EPS related to deferred issuance costs upon redemption of all REIT preferred securities in 1Q17
	1Q17	4Q16	1Q16		
Diluted EPS	\$1.96	\$1.97	\$1.68		

Fee income (Non-GAAP) - Refers to noninterest income in the following categories: asset management, consumer services, corporate services, residential mortgage and service charges on deposits. See Reconciliation in Appendix.
 Pretax, pre-provision earnings (Non-GAAP) - See Reconciliation in Appendix.

Income Statement: Net Interest Income and Margin Growth

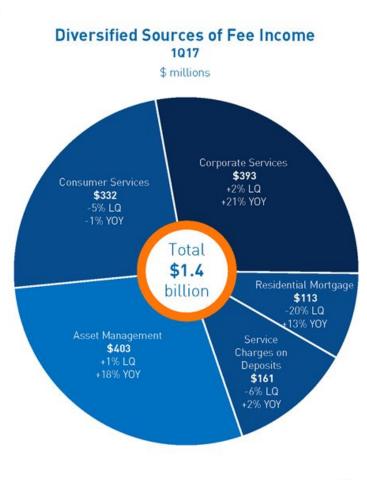

1Q17 Highlights

- Net interest income (NII) grew \$30 million over 4Q16
 - Growth driven by higher loan and securities yields
 - Partially offset by increased borrowing and deposit costs and lower day count
- Net interest margin (NIM) grew 8 basis points over 4Q16
 - Higher short-term rates

Income Statement: Noninterest Income Trends

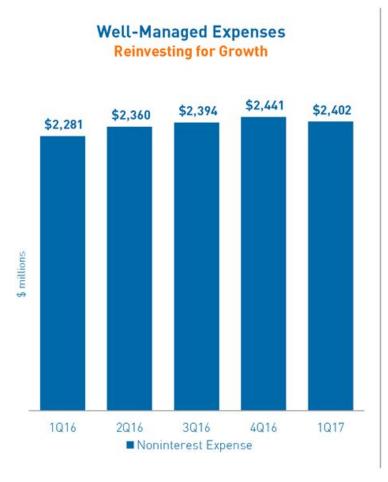

YOY – Refers to a comparison of year over year quarter 1017 with 1016.

7

Income Statement: Stable Expenses

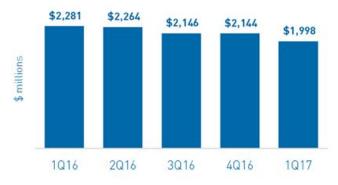

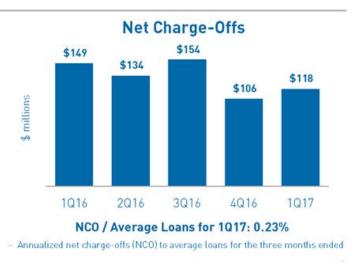

1Q17 Highlights

- Maintained strong expense discipline while:
 - Investing in technology and business infrastructure
 - Transforming the retail banking and home lending experience
 - Continuing to deliver quality results within our core business activities
- 2017 Continuous Improvement Program
 - On track to achieve \$350 million target

Nonperforming Loans

Appendix: Cautionary Statement Regarding Forward-Looking Information

This presentation includes "snapshot" information about PNC used by way of illustration and is not intended as a full business or financial review. It should not be viewed in isolation but rather in the context of all of the information made available by PNC in its SEC filings.

We also make statements in this presentation, and we may from time to time make other statements, regarding our outlook for earnings, revenues, expenses, capital and liquidity levels and ratios, asset levels, asset quality, financial position, and other matters regarding or affecting PNC and its future business and operations that are forward-looking statements within the meaning of the Private Securities Litigation Reform Act. Forward-looking statements are typically identified by words such as "believe," "plan," "expect," "anticipate," "see," "look," "intend," "outlook," "project," "forecast," "estimate," "goal," "will," "should" and other similar words and expressions.

Forward-looking statements are subject to numerous assumptions, risks and uncertainties, which change over time. Forward-looking statements speak only as of the date made. We do not assume any duty and do not undertake to update forward-looking statements. Actual results or future events could differ, possibly materially, from those anticipated in forward-looking statements, as well as from historical performance.

Our forward-looking statements are subject to the following principal risks and uncertainties.

- Our businesses, financial results and balance sheet values are affected by business and economic conditions, including the following:
 - Changes in interest rates and valuations in debt, equity and other financial markets.
 - Disruptions in the U.S. and global financial markets.
 - Actions by the Federal Reserve Board, U.S. Treasury and other government agencies, including those that impact money supply and market interest rates.
 - Changes in law and policy accompanying the new presidential administration and uncertainty or speculation pending the enactment of such changes.
 - Changes in customers', suppliers' and other counterparties' performance and creditworthiness.
 - Slowing or reversal of the current U.S. economic expansion.
 - Continued residual effects of recessionary conditions and uneven spread of positive impacts of recovery on the economy and our
 counterparties, including adverse impacts on levels of unemployment, loan utilization rates, delinquencies, defaults and counterparty ability
 to meet credit and other obligations.
 - Commodity price volatility.
 - Changes in customer preferences and behavior, whether due to changing business and economic conditions, legislative and regulatory initiatives, or other factors.

Appendix: Cautionary Statement Regarding Forward-Looking Information

- Our forward-looking financial statements are subject to the risk that economic and financial market conditions will be substantially different than those we are currently expecting. These statements are based on our current view that the U.S. economy and the labor market will grow moderately in 2017, boosted by stable oil/energy prices, improving consumer spending and housing activity, and expanded federal fiscal policy stimulus as a result of the 2016 elections. Short-term interest rates and bond yields are expected to continue rising gradually in 2017, along with inflation. These forward-looking statements also do not, unless otherwise indicated, take into account the impact of potential legal and regulatory contingencies.
- PNC's ability to take certain capital actions, including paying dividends and any plans to increase common stock dividends, repurchase common stock under current or future programs, or issue or redeem preferred stock or other regulatory capital instruments, is subject to the review of such proposed actions by the Federal Reserve Board as part of PNC's comprehensive capital plan for the applicable period in connection with the Federal Reserve Board's Comprehensive Capital Analysis and Review (CCAR) process and to the acceptance of such capital plan and non-objection to such capital actions by the Federal Reserve Board.
- PNC's regulatory capital ratios in the future will depend on, among other things, the company's financial performance, the scope and terms of final capital regulations then in effect (particularly those implementing the international regulatory capital framework developed by the Basel Committee on Banking Supervision (Basel Committee), the international body responsible for developing global regulatory standards for banking organizations for consideration and adoption by national jurisdictions), and management actions affecting the composition of PNC's balance sheet. In addition, PNC's ability to determine, evaluate and forecast regulatory capital ratios, and to take actions (such as capital distributions) based on actual or forecasted capital ratios, will be dependent at least in part on the development, validation and regulatory approval of related models.
- Legal and regulatory developments could have an impact on our ability to operate our businesses, financial condition, results of operations, competitive position, reputation, or pursuit of attractive acquisition opportunities. Reputational impacts could affect matters such as business generation and retention, liquidity, funding, and ability to attract and retain management. These developments could include:
 - Changes resulting from legislative and regulatory reforms, including changes affecting oversight of the financial services industry, consumer protection, tax, pension, bankruptcy and other industry aspects, and changes in accounting policies and principles.
 - Changes to regulations governing bank capital and liquidity standards, including due to the Dodd-Frank Act and initiatives of the Basel Committee.
 - Unfavorable resolution of legal proceedings or other claims and regulatory and other governmental investigations or other inquiries. These
 matters may result in monetary judgments or settlements or other remedies, including fines, penalties, restitution or alterations in our
 business practices, and in additional expenses and collateral costs, and may cause reputational harm to PNC.
 - Results of the regulatory examination and supervision process, including our failure to satisfy requirements of agreements with governmental agencies.
 - Impact on business and operating results of any costs associated with obtaining rights in intellectual property claimed by others and of
 adequacy of our intellectual property protection in general.

13

Appendix: Cautionary Statement Regarding Forward-Looking Information

- Business and operating results are affected by our ability to identify and effectively manage risks inherent in our businesses, including, where
 appropriate, through effective use of systems and controls, third-party insurance, derivatives, and capital management techniques, and to meet
 evolving regulatory capital and liquidity standards.
- Business and operating results also include impacts relating to our equity interest in BlackRock, Inc. and rely to a significant extent on
 information provided to us by BlackRock. Risks and uncertainties that could affect BlackRock are discussed in more detail by BlackRock in its
 SEC filings.
- We grow our business in part by acquiring from time to time other financial services companies, financial services assets and related deposits and other liabilities. Acquisition risks and uncertainties include those presented by the nature of the business acquired, including in some cases those associated with our entry into new businesses or new geographic or other markets and risks resulting from our inexperience in those new areas, as well as risks and uncertainties related to the acquisition transactions themselves, regulatory issues, and the integration of the acquired businesses into PNC after closing.
- Competition can have an impact on customer acquisition, growth and retention and on credit spreads and product pricing, which can affect
 market share, deposits and revenues. Our ability to anticipate and respond to technological changes can also impact our ability to respond to
 customer needs and meet competitive demands.
- Business and operating results can also be affected by widespread natural and other disasters, pandemics, dislocations, terrorist activities, system failures, security breaches, cyberattacks or international hostilities through impacts on the economy and financial markets generally or on us or our counterparties specifically.

We provide greater detail regarding these as well as other factors in our 2016 Form 10-K, including in the Risk Factors and Risk Management sections and the Legal Proceedings and Commitments Notes of the Notes To Consolidated Financial Statements in that report, and in our subsequent SEC filings. Our forward-looking statements may also be subject to other risks and uncertainties, including those we may discuss elsewhere in this presentation or in our SEC filings, accessible on the SEC's website at www.sec.gov and on our corporate website at www.pnc.com/secfilings. We have included these web addresses as inactive textual references only. Information on these websites is not part of this document.

Any annualized, pro forma, estimated, third party or consensus numbers in this presentation are used for illustrative or comparative purposes only and may not reflect actual results. Any consensus earnings estimates are calculated based on the earnings projections made by analysts who cover that company. The analysts' opinions, estimates or forecasts (and therefore the consensus earnings estimates) are theirs alone, are not those of PNC or its management, and may not reflect PNC's or other company's actual or anticipated results.

Appendix: Basel III Regulatory Capital Ratios

As a result of the phase-in periods included in the final U.S. Basel III regulatory capital rules (Basel III rules), as well as the fact that PNC remains in the parallel run qualification phase for the advanced approaches, PNC's regulatory risk-based capital ratios in 2017 and 2016 are calculated using the standardized approach for determining risk-weighted assets, and the definitions of, and deductions from, regulatory capital under the Basel III rules (as such definitions and deductions are phased-in for 2017 and 2016, respectively). We refer to the capital ratios calculated using the phased-in Basel III provisions in effect for each year and, for the risk-based ratios, standardized approach risk-weighted assets, as Transitional Basel III ratios. Under the standardized approach for determining credit risk-weighted assets, exposures are generally assigned a pre-defined risk weight. Exposures to high volatility commercial real estate, past due exposures, equity exposures and securitization exposures are generally subject to higher risk weights than other types of exposures.

We provide information below regarding PNC's estimated March 31, 2017 and actual December 31, 2016 and March 31, 2016 Transitional Basel III common equity Tier 1 ratios and PNC's estimated pro forma fully phased-in Basel III common equity Tier 1 ratio. Under the Basel III rules adopted by the U.S. banking agencies, significant common stock investments in unconsolidated financial institutions, mortgage servicing rights and deferred tax assets must be deducted from capital (subject to a phase-in schedule and net of associated deferred tax liabilities) to the extent they individually exceed 10%, or in the aggregate exceed 15%, of the institution's adjusted common equity Tier 1 capital. Also, Basel III regulatory capital includes (subject to a phase-in schedule) accumulated other comprehensive income related to securities currently and previously held as available for sale, as well as pension and other postretirement plans.

Appendix: Non-GAAP Basel III Regulatory Capital Ratios

Transitional Basel III and Pro forma Fully Phased-In Basel III Common Equity Tier 1 Capital Ratios

	2017 Transitional 2016 T Basel III		2016 Transitional Basel III		Pro forma Fully Phased-In Basel III (Non-GAAP) (estimated)			
	(estimated)	Dec. 31,	Mar. 31,	Mar. 31,	Dec. 31,	Mar. 31.		
\$ in millions	Mar. 31, 2017	2016	2016	2017	2016	2016		
Common stock, related surplus, and retained earnings, net of treasury stock	\$42,053	\$41,987	\$41,145	\$42,053	\$41,987	\$41,145		
Less regulatory capital adjustments:								
Goodwill and disallowed intangibles, net of deferred tax liabilities	(9,007)	(8,974)	(9,023)	(9,052)	(9,073)	(9,148)		
Basel III total threshold deductions	(1,066)	(762)	(678)	(1,588)	(1,469)	(1,139)		
Accumulated other comprehensive income ^(a)	(295)	(238)	60	(369)	(396)	101		
All other adjustments	(185)	(214)	(139)	(182)	(221)	(148)		
Basel III Common equity Tier 1 capital	\$31,500	\$31,799	\$31,365	\$30,862	\$30,828	\$30,811		
Basel III standardized approach risk-weighted assets ⁰⁰	\$300,683	\$300,533	295,555	\$309,066	\$308,517	\$303,805		
Basel III advanced approaches risk-weighted assets ^(c)	N/A	N/A	N/A	\$279,690	\$277,896	\$283,297		
Basel III Common equity Tier 1 capital ratio	10.5%	10.6%	10.6%	10.0%	10.0%	10.1%		
Risk-weight and associated rules utilized	Standardized Standardized (with 2017 transition adjustments) adjustments)			Standardized				

(a) Represents net adjustments related to accumulated other comprehensive income for securities currently and previously held as available for sale, as well as pension and other postretirement plans. (b) Basel III standardized approach risk-weighted assets are based on the Basel III standardized approach rules and include credit and market risk-weighted assets.

(c) Basel III advanced approaches risk-weighted assets are based on the Basel III advanced approaches rules, and include credit, market and operational risk-weighted assets. During the parallel run qualification phase, PNC has refined the data, models and internal processes used as part of the advanced approaches for determining risk-weighted assets. We anticipate additional refinements through the parallel run qualification phase.

PNC utilizes the proforma fully phased-in Basel III capital ratios to assess its capital position (without the benefit of phase-ins), as these ratios represent the regulatory capital standards that will be ultimately applicable to PNC under the final Basel III rules. Our Basel III capital ratios and estimates may be impacted by additional regulatory guidance or analysis, and, in the case of those ratios calculated using the advanced approaches, may be subject to variability based on the ongoing evolution, validation and regulatory approval of PNC's models that are integral to the calculation of advanced approaches risk-weighted assets as PNC moves through the parallel run approval process

Appendix: Non-GAAP to GAAP Reconciliation

Fee Income

	For the	three month	% Change		
\$ in millions	1017	4Q16	1016	1Q17 vs 4Q16	1Q17 vs 1Q16
Asset management	\$403	\$399	\$341	1%	18%
Consumer services	332	349	337	(5%)	(1%)
Corporate services	393	387	325	2%	21%
Residential mortgage	113	142	100	(20%)	13%
Service charges on deposits	161	172	158	(6%)	2%
Total fee income	\$1,402	\$1,449	\$1,261	(3%)	11%
Other, including net securities gains	322	295	306	9%	5%
Total noninterest income, as reported	\$1,724	\$1,744	\$1,567	(1%)	10%

Tangible Book Value per Common Share

				% Change		
\$ in millions, except per share data	Mar. 31, 2017	Dec. 31, 2016	Mar. 31, 2016	3/31/17 vs. 12/31/16	3/31/17 vs. 3/31/16	
Book value per common share	\$86.14	\$85.94	\$83.47	2	3%	
Tangible book value per common share						
Common shareholders' equity	\$41,774	\$41,723	\$41,677			
Goodwill and Other intangible assets	(9,356)	(9,376)	(9,457)			
Deferred tax liabilities on Goodwill and Other intangible assets	303	304	309			
Tangible common shareholders' equity	\$32,721	\$32,651	\$32,529			
Period-end common shares outstanding (in millions)	485	485	499			
Tangible book value per common share (Non-GAAP)	\$67.47	\$67.26	\$65.15	-	4%	

Tangible book value per common share is a non-GAAP measure and is calculated based on tangible common shareholders' equity divided by period end common shares outstanding. We believe this non-GAAP measure serves as a useful tool to help evaluate the strength and discipline of a company's capital management strategies and as an additional, conservative measure of total company value.

\$ in millions	For the t	hree months	% Change		
	1017	4Q16	1Q16	1Q17 vs 4Q16	1Q17 vs 1Q16
Net interest income	\$2,160	\$2,130	\$2,098	1%	3%
Noninterest income	1.724	1,744	1,567	(1%)	10%
Fotal revenue	\$3,884	\$3.874	\$3,665	-	6%
Noninterest expense	(2,402)	(2,441)	(2,281)	(2%)	5%
Pretax pre-provision earnings	\$1,482	\$1,433	\$1,384	3%	7%
Net income	\$1,074	\$1,047	\$943	3%	14%

Pretax Pre-Provision Earnings

We believe that pretax, pre-provision earnings, a non-GAAP financial measure, is useful as a tool to help evaluate the ability to provide for credit costs through operations.

Appendix: Non-GAAP to GAAP Reconciliation

Return on Tangible Common Equity

	For the	three month	nonths ended		
\$ in millions	Mar. 31, 2017	Dec. 31, 2016	Mar. 31, 2016		
Return on average common shareholders' equity	9.50%	9.31%	8.44%		
Average common shareholders' equity	\$41,532	\$41,833	\$41,281		
Average Goodwill and Other intangible assets	(9,364)	(9,392)	(9,466		
Average deferred tax liabilities on Goodwill and Other intangible assets	304	305	310		
Average tangible common equity	\$32,472	\$32,746	\$32,125		
Net income attributable to common shareholders	\$ 973	\$ 982	\$ 859		
Net income attributable to common shareholders, if annualized	\$ 3,946	\$ 3,896	\$ 3,484		
Return on average tangible common equity	12.15%	11.90%	10.84%		

Return on average tangible common equity is a non-GAAP measure and is calculated based on annualized net income attributable to common shareholders divided by tangible common equity. We believe that return on average tangible common equity is useful as a tool to help measure and assess a company's use of common equity.

Net Visa Activity

\$ in millions	For the three months ended									
	Mar. 31, 2017		Dec. 31, 2016		Sep. 30, 2016		Jun. 30, 2016		Mar. 31, 2016	
Gains on Visa Sales	\$	-	\$	-	\$	4	\$	82	\$	44
Derivative Fair Value Adjustments ^(a)		(16)		(20)		(11)		(51)		(12)
Net Visa Activity	\$	(16)	\$	(20)	\$	(11)	\$	31	\$	32

^(a) Derivative fair value adjustments related to swap agreements with purchasers of Visa Class B common shares in connection with all prior sales; 2Q16 and 4Q16 Visa derivative fair value adjustments were primarily driven by changes in anticipated timing of litigation resolution.
